Accounts Receivable Process Flow Chart [EPUB]

Accounts receivable refers to outstanding invoices, or the money that customers or clients owe the company for any goods or services rendered. It's essentially a corporate IOU. When a company sells an item or service, they can either request payment at the time of purchase or extend credit to the buyer so they can pay the total cost later.

Account Receivable Flow Chat For Interview In

Choose an accounts receivable management system. You may be comfortable with an offline, manual entry system using Excel. However, if your business is growing, you may choose to automate your process with accounts receivable management software like QuickBooks. Another option is an online accounts receivable tool such as Mint or FreshBooks.
