Trinity *Harper Collins*
From the acclaimed author who enthralled

the world with Exodus, Battle Cry, QB VII, Topaz, and other beloved classics of twentieth-century fiction comes a sweeping and powerful epic adventure that captures the "terrible beauty" of Ireland during its long and bloody struggle for freedom. It is the electrifying story of an idealistic young Catholic rebel and the valiant and beautiful Protestant girl who defied her heritage to join his cause. It is a tale of love and danger, of triumph at an unthinkable cost -- a magnificent portrait of a people divided by class, faith, and prejudice -- an unforgettable saga of the fires that devastated a majestic land . . . and the unquenchable flames

that burn in the human heart.

O'Hara's Choice
Harper Collins

Fifty years after his first novel, *Battle Cry*, took the world by storm, Leon Uris returns to the topic that first inspired him to write books that captivate, educate, and thrill -- the Marine Corps. In the years following the Civil War, first-generation Irish-American Zachary O'Hara, son of a legendary Marine and a force of a man in his own right, finds himself playing a critical role in the very future of the Marines. If he can persuade the Secretary of the Navy that the Marines are more crucial than ever to America's safety and security -- all the while hefting a heavier

secret weight in his heart -- he'll save the corps and make his career. But there's an obstacle in his path that this warrior had not planned on. Amanda Blanton Kerr, the daughter of a ruthless industrialist, is a woman on a mission of her own; passionate, obstinate, and whip-smart, she's an heiress poised to blaze a trail for her sex. O'Hara's *Choice* is the story of the inevitable collision of these two handsome, fighting spirits. Getting their souls' desire could jeopardize everything they -- and their parents before them -- scraped and struggled to achieve. Duty to country, love of family, and a tormented passion intertwine in this latest epic by Leon Uris, international

bestselling author of such classics as *Exodus*, *Trinity*, and *Battle Cry*. A riveting, sweeping tale in inimitable Uris style, *O'Hara's Choice* is this master of the historical novel at his most brilliant.

Waging and Winning the War Within

Thomas Nelson

Countering a culture that coerces men to suppress instead of express, Jason Wilson calls readers to unlearn society's definition of masculinity and discover the power of engaging with and mastering their emotions. For decades, Jason Wilson tried his best to "be a man" but struggled to express the full range of human emotions because the only ones he felt comfortable expressing were the traditional "masculine" emotions--anger, aggression, and boldness. This went on until he finally released years of past trauma to attain the healing he needed to become a better man, husband, father, and leader. Learning how to master his emotions and verbally process them transformed Jason's life and relationships in ways he never could have imagined. He now seeks to expose the lies that many men have been deceived to believe about manhood and bring healing to their lives. Battle Cry will teach men how to wage and win the war within themselves--unlearning society's definition of masculinity and empowering them with the tools needed to freely live from their hearts instead of their fears. Wilson shows readers how to • win internal battles before they turn into external wars; • master their emotions instead of being ruled by them; • release trauma from their past so they can live fully to their potential in the present; and •

communicate more effectively with the people in their lives.

Leon Uris

Life of a Best Seller *University of Texas Press*

The first biography of the massively popular author of *Exodus* and *Trinity*, who “was as feisty as any of his fictional creations” (*Publishers Weekly*). As the #1 New York Times–bestselling author of *Exodus*, *Mila 18*, *QB VII*, and *Trinity*, Leon Uris blazed a path to celebrity with books that readers couldn’t put down. Uris’s thirteen novels sold millions of copies, appeared in fifty languages, and were adapted into equally successful movies and TV miniseries. Few writers equaled his

fame in the mid-twentieth century. His success fueled the rise of mass-market paperbacks, movie tie-ins, and author tours. Beloved by the public, Uris was, not surprisingly, dismissed by literary critics. Until now, his own life—as full of drama as his fiction—has never been the subject of a book. Now Ira Nadel traces Uris from his disruptive youth to his life-changing experiences as a marine in World War II. These experiences, coupled with Uris’s embrace of his Judaism and desire to write, led to his unprecedented success and the lavish excesses of a career as a best-selling author. Nadel reveals that Uris lived the adventures he described, including his war experiences in

the Pacific (Battle Cry), life-threatening travels in Israel (Exodus), visit to Communist Poland (Mila 18), libel trial in Britain (QB VII), and dangerous sojourn in fractious Northern Ireland and the Irish Republic (Trinity). Nadel also demonstrates that Uris's talent for writing action-packed yet thoroughly researched novels meshed perfectly with the public's desire to revisit and understand the tumultuous events of recent history—making him far more popular (and wealthier) than more literary authors—while paving the way for future blockbuster writers such as Irving Wallace and Tom Clancy.

40 Thieves on Saipan

The Elite Marine Scout-Snipers in One of WWII's Bloodiest Battles *Simon and Schuster*

An elite platoon of Marine Scout-Snipers, Lieutenant Frank Tachovsky's "40 Thieves" were chosen for their willingness to defy rules and beat all-comers. When two Marines got into a fight, the loser ended up in the infirmary, the

winner in the brig. Tachovsky wanted the winner on his team—a brush with military law was a recommendation. These full-blooded men were trained in a ruthless array of hand-to-hand killing techniques and then thrown into the battle for Saipan—Emperor Hirohito’s “Treasure” and the bulwark of the Japanese Empire in the Pacific—where they would wreak havoc in and around, but mostly behind, enemy lines. They witnessed inhuman atrocities; walked into an ambush after the cunning Japanese used wounded Marines as bait; endured body-punishing extremes of heat, hunger, and thirst; fought a relentless enemy who would not surrender;

and watched best friends die. Now Tachovsky’s son Joseph tells their remarkable story—a story he didn’t even know until after his father’s death—reported from an extensive documentary record, including priceless mementos his father kept, and from exhaustive interviews with survivors who served under Lieutenant “Ski.” This is how America won the war in the Pacific, where “uncommon valor was a common virtue.” 40 Thieves on Saipan: The Elite Marine Scout-Snipers in One of World War II’s Bloodiest Battles is true history. It’s also an adventure you don’t want to miss.

**One Marine's Story
and Some Notable
Exceptions** *Archon

As a first lieutenant, Bill van Zanten was a company executive officer in the first stateside Marine unit committed to combat in 1965. A year later, Captain van Zanten was one of the 'Magnificent Bastards' of the 2nd Battalion, 4th Marines, fighting in the boonies near hill 69, outside of Chu Lai. Van Zanten's experience in Vietnam is very different from the pictures made in Hollywood. It had a soldierly professionalism built on sound and rigorous training. Dedication and boot camp forged the volunteer Marines of the early war years, so that when the stakes went through

the roof in Vietnam, commitment of man to man and man to unit was total. There was a soldier's intimacy, and a soldier's humour. Together they meant survival, and that is what this memoir is about.

The Suspect *Felony &
Mayhem Press*

This Edgar Award-winning debut kicks off a cult favorite crime series with a noirish tale of murder set along Canada's Sunshine Coast. To Karl Alberg, the coastal town of Sechelt, just north of Vancouver, looks like the perfect place to soothe a psyche that's been battered by big-city police work. Bees buzz among the roses, and the local librarian is attractive, intriguing, and unattached.

Perhaps he has at last come in from the cold. But sunny towns can conceal a lot of secrets—some of them bleak enough to make a man yearn for some nice straightforward urban crime. In 1986 L.R. Wright's *The Suspect* became the first Canadian novel to win an Edgar award, beating out titles by Ruth Rendell and Jonathan Kellerman. It went on to become a cult favorite among mystery fans, who prized its delicately etched sense of melancholy and intriguing character studies of the cop, his quarry, and the enigmatic librarian who proves an unlikely bridge between the two.

What It Is Like to Go to War *Open Road + Grove/Atlantic*

From the author of the award-winning, best-selling novel *Matterhorn*, comes a brilliant nonfiction book about war. In 1968, at the age of twenty-three, Karl Marlantes was dropped into the highland jungle of Vietnam, an

inexperienced lieutenant in command of a platoon of forty Marines who would live or die by his decisions. Marlantes survived, but like many of his brothers in arms, he has spent the last forty years dealing with his war experience. In *What It Is Like to Go to War*, Marlantes takes a deeply personal and candid look at what it is like to experience the ordeal of combat, critically examining how we might better prepare our soldiers for war. Marlantes weaves riveting accounts of his combat experiences with thoughtful analysis, self-examination, and his readings—from Homer to The Mahabharata to Jung. He makes it clear just how poorly prepared our nineteen-year-old warriors are

for the psychological and spiritual aspects of the journey. Just as *Matterhorn* is already being acclaimed as a classic of war literature, *What It Is Like to Go to War* is set to become required reading for anyone—soldier or civilian—interested in this visceral and all too essential part of the human experience.

My Men are My Heroes

The Brad Kasal Story

Naval Institute Press

My Men Are My Heroes introduces its readers to a living standard of Marine Corps esprit de corps and military decorum. Sergeant Major Bradley Kasal, the pride of Iowa, is a small town boy who

wanted to be a United States Marine even before a poster perfect Marine recruiter marched into his high school gym and offered him a challenge Kasal couldn't resist. Two decades later Kasal stood stiffly at attention, one leg literally shot in half, while the Navy Cross was pinned to his chest. Kasal is currently the Sergeant Major of the Infantry School at Camp Pendleton, CA until he retires in May, 2012. After a brief visit to his childhood Kasal's story quickly gathers steam, introducing the reader to his early Marine career; adventure filled years that earned him the name "Robo-Grunt" from men who don't offer accolades easily. Kasal uses his experience climbing

the ranks to illustrate how Marines grow, and how they are shaped by the uncompromising attitudes of the officers and non-coms charged with turning young Marines into tigers. Kasal's adventures culminate in Iraq. By now he is 1st Sergeant Kasal, ramrodding Kilo Company, 3/1, a rifle company in 3rd Battalion, 1st Marines, the mighty "Thunder Third" that would cover itself with glory in 2004. Two days into Operation Iraqi Freedom in March 2003 Kilo is ordered to hold open a critical road between two bridges that Saddam's fierce Fedayeen Saddam were just as determined to take away. Kasal makes in his stand on that road, literally standing tall amidst fierce gunfire,

demonstrating the kind of leadership Kilo Company needed to get the job done. Kilo's fight was part of the first big test of Marine Corps combat capabilities in the second Iraqi War and the only major engagement the Marine Corps fought during the heady days of the "Drive Up" to Baghdad. When it was over the so-called "Ninjas" of the Fedayeen Saddam were smashed. A week later Kasal was in Baghdad, welcomed with open arms by the exuberant population. A year later 3/1 was back to Iraq, in Anbar Province, the epicenter of the brutal war now raging in the former tribal stronghold of Saddam and his henchmen. The smiling faces that had greeted 3/1 the year before were gone. Kasal is the 1st Sergeant of Weapons Company, 3/1, the armored fist of a light infantry battalion. After four months of ambushes, IEDs, and deadly skirmishes 3/1 is ordered into Fallujah, to take the ancient city back from Al Qaeda and the foreign fighters who had turned the ancient "City of Mosques" into a fortress. It is there, in November, 2004 that the "Thundering Third" entered into Marine Corps legend and Kasal into the Pantheon of Heroes for his actions during the most savage battle the Marines fought in the Iraq War. At a non-descript house in a walled neighborhood in Fallujah Kasal, at the time accompanying a

squad of Kilo's riflemen into a contested house, becomes involved in a close-quarter duel with fanatical Chechen fighters. The fight rages throughout the house, at times Marines and the foreign fighters were exchanging rifle fire and grenades at ranges of less than 10 feet. For almost two hours the squad is trapped inside the house. During the brawl Kasal is shot seven times, almost loses his leg when it is nearly severed from his body, and sustains 47 shrapnel wounds when he used his body to shield a wounded Marine laying next to him from an enemy grenade. In the skirmish, forever known as the "Hell House" fight, Kasal was awarded the Navy

Cross, the nation's second highest award for heroism.

A Marine Called Gabe *CreateSpace*

This book is great story telling by Major Ralph Stoney Bates Sr., USMC (Ret), an accomplished and respected Marine, instructor on military and naval subjects at Furman University's Life-Long Learning Program (OLLI), and a previously published contributing author and editor of "Short Rations For Marines." It is, in a word-lively! It's not at all boring or dull reading; rather it brings history alive. It immediately sparks your interest, and paints a vivid word picture describing the Marine Corps in a manner that most people have never been so accustomed.

The reader will simply want more, and will get it. It tells the story of who the Marines are and how they became what they are today. It explains in unique and simple detail why and how John Archer Lejeune (pronounced luh jern), became "A Marine Called Gabe," charted the course for the Marine Corps to follow into the future, and once that course was set, literally fashioned the Marine Corps that fought across the vast Pacific in World War II, and in every following war and skirmish-right up to today. This is the Marine Corps that often deploys on massive humanitarian and rescue missions on a world-wide scale. This is the Marine Corps that possess the will, character, and capability to project military and naval power anywhere, at any time, and always accomplishes its mission. This is a Marine Corps envisioned by its architect John Archer Lejeune. At the conclusion of the book, "A Marine Called Gabe," there will be no doubt that John Archer Lejeune is "the greatest leatherneck of them all." During his life, especially his developing life leading toward the Naval Academy and active duty time as a Marine, John Archer Lejeune developed abilities and traits that allowed him to redirect his Marine Corps into the proud, professional, proficient organization that would possess the skill, ability and the mettle to strike adversaries from the

land, sea and air. It is very likely that, had John Archer Lejeune not arrived at the helm of the Marine Corps at that particular critical time in our history, the War in the Pacific would have had a totally different outcome and the Marines would be vastly different today-if in existence at all. This book is an eye-opener. Up until this time, only two books have been written about Lieutenant General John Archer Lejeune, USMC (Ret): "Reminiscences of a Marine," by John Archer Lejeune, and "Lejeune: A Marine's Life," by Merrill L. Bartlett. Both excellent, informative, and factually oriented. This book is the third. It is a novel containing a myriad of facts, surrounded by studied

opinions based on those facts, and (here's the good part) pure Marine Corps logic and conjecture. The author, Ralph Bates, a 26 year active duty Marine, along with his research assistant (wife) Lyn, have traveled to dozens of locations, interviewed dozens of people at each, read public and private documents, books, articles, letters and notes, to uncover a treasure trove of information about Lieutenant General John Archer Lejeune and those who knew him. Without question, he indeed, quietly, steadily and without fanfare, guided the United States Marine Corps to be what it is today. This novel should find its way toward the Marine Corps Reading List for

all Marines, and Fleet Marine Force sailors, plus historians, military historians and cadets at Virginia Military Institute and midshipmen of the United States Naval Academy to enhance their knowledge and appreciation of "the greatest leatherneck of them all," Lieutenant General John Archer Lejeune, United States Marine Corps (Retired), "Mister Semper Fi."

Exodus Revisited

Lincoln

A Novel *Vintage*

Lincoln is the cornerstone of Gore Vidal's fictional American chronicle, which includes Burr, 1876, Washington, D.C., Empire, and Hollywood. It opens early on a frozen winter morning in 1861, when President-elect Abraham Lincoln slips into Washington, flanked by two bodyguards. The future president is in disguise, for there is talk of a plot to murder him. During the next four years there will be

numerous plots to murder this man who has sworn to unite a disintegrating nation. Isolated in a ramshackle White House in the center of a proslavery city, Lincoln presides over a fragmenting government as Lee's armies beat at the gates. In this profoundly moving novel, a work of epic proportions and intense human sympathy, Lincoln is observed by his loved ones and his rivals. The cast of characters is almost Dickensian: politicians, generals, White House aides, newspapermen, Northern and Southern conspirators, amiably evil bankers, and a wife slowly going mad. Vidal's portrait of the president is at once intimate and

monumental, stark and complex, drawn with the wit, grace, and authority of one of the great historical novelists. With a new Introduction by the author.

 Young Lions: How Jewish Authors Reinvented the American War Novel shows how Jews, traditionally castigated as weak and cowardly, for the first time became the popular literary representatives of what it meant to be a soldier and what it meant to be an American. Revisiting best-selling works ranging from Norman Mailer's *The Naked and the Dead* to Joseph Heller's *Catch-22*, and uncovering a range of unknown archival

material, Leah Garrett shows how Jewish writers used the theme of World War II to reshape the American public's ideas about war, the Holocaust, and the role of Jews in postwar life. In contrast to most previous war fiction these new "Jewish" war novels were often ironic, funny, and irreverent and sought to teach the reading public broader lessons about liberalism, masculinity, and pluralism.

Corps Values

Everything You Need to Know I Learned in the Marines

University of Georgia Press

Zell Miller was one of the United States' most respected leaders. His integrity, passion, and commitment to excellence earned the

praise of colleagues on both sides of the aisle. Miller often attributed his successes to the value of his formative experience in the Marine Corps as a young man. In his writing and stump speeches, he stated, "In the twelve weeks of hell and transformation that were Marine Corps boot camp, I learned the values of achieving a successful life that have guided and sustained me on the course which, although sometimes checkered and detoured, I have followed ever since." In *Corps Values* Miller recounts his life and the simple but powerful lessons he learned in the U.S. Marines: the core values he feels we must embrace if we are to be successful as individuals and as a

nation. Only by incorporating such time-honored Marine qualities as pride, discipline, courage, and respect into our personal and professional lives can we meet the challenges that lie ahead. With Corps Values Miller urges us all to go back to "basic training" to reinforce the values that ultimately lead to success in any endeavor.

Fields of Fire *Canelo*

James Webb's classic, scorching novel of the Vietnam War. They each had their reasons for becoming a Marine. They each had their illusions. Goodrich came fresh from Harvard. Snake got the tattoo before he even got the uniform. Hodges was haunted by the spirits of family

heroes. Three young men, from vastly different worlds, were plunged into a white-hot, murderous melting pot of jungle warfare in the An Hoa Basin, Vietnam, 1969. They had no way of knowing what awaited them. For nothing could have prepared them for the madness of what they found. And in the heat and horror of battle they took on new identities, took on each other, and were reborn in fields of fire... Fields of Fire is a searing story of poetic power, razor-sharp observation, and non-stop combat, perfect for fans of Tim O'Brien, Karl Marlantes and Apocalypse Now. Praise for Fields of Fire 'Few writers since Stephen Crane have portrayed men at war with such a ring of

steely truth' The Houston Post 'A novel of such fullness and impact, one is tempted to compare it to Norman Mailer's The Naked and the Dead' The Oregonian 'Webb gives us an extraordinary range of acutely observed people, not one a stereotype ... Fields of Fire is a stunner' Newsweek 'Webb pulls off the scabs and looks directly, unflinchingly on the open wounds of the Sixties' Philadelphia Inquirer 'The unmistakable sound of truth' Time

Last Stand at Khe Sanh

The U.S. Marines' Finest Hour in Vietnam *Da Capo Press*

In a remote mountain stronghold in 1968, six

thousand US Marines awoke one January morning to find themselves surrounded by 20,000 enemy troops. Their only road to the coast was cut, and bad weather and enemy fire threatened their fragile air lifeline. The siege of Khe Sanh—the Vietnam War's epic confrontation—was under way. For seventy-seven days, the Marines and a contingent of US Army Special Forces endured artillery barrages, sniper fire, ground assaults, and ambushes. Air Force, Marine, and Navy pilots braved perilous flying conditions to deliver supplies, evacuate casualties, and stem the North Vietnamese Army's onslaught. As President Lyndon B. Johnson weighed the use of tactical nuclear weapons, Americans watched the shocking drama unfold on nightly newscasts. Through it all, the bloodied defenders of Khe Sanh held firm and prepared for an Alamo-like last stand. Now, Gregg Jones takes readers into the trenches and bunkers at Khe Sanh to tell the story of this extraordinary moment in American history. Last Stand at Khe Sanh captures the exceptional courage and brotherhood that sustained the American fighting men throughout the ordeal. It brings to life an unforgettable cast of characters—young high school dropouts and rootless rebels in search of John Wayne glory; grizzled Korean War veterans; daredevil pilots; gritty

platoon leaders and company commanders; and courageous Navy surgeons who volunteered to serve in combat with the storied Marines. Drawing on in-depth interviews with siege survivors, thousands of pages of archival documents, and scores of oral history accounts, Gregg Jones delivers a poignant and heart-pounding narrative worthy of the heroic defense of Khe Sanh.
