As quoted by Scott Douglas Gerber in [First Principles: The Jurisprudence of](#)

Clarence Thomas, the typical analysis ranges from the apocalyptic (Nat Hentoff's "No new justice has ever before done so much damage so quickly") to the truly bizarre. An almost hilarious example of the latter is the late judge A. Leon Higginbotham's psychoanalysis of Justice Thomas in a law review article.

Jurisprudence, or legal theory, is the theoretical study of law. Scholars of jurisprudence seek to explain the nature of law in its most general form and provide a deeper understanding of legal reasoning, legal systems, legal institutions, and the role of law in society. Modern jurisprudence began in the 18th century and was focused on the first principles of natural law, civil law, and the law of nations.

Answer: The law (or principle or rule) of first mention is a guideline that some people use for studying Scripture. The law of first mention says that, to understand a particular word or doctrine, we must find the first place in Scripture that word or doctrine is revealed and study that passage. The reasoning is that the Bible's first mention of a concept is the simplest and clearest presentation; doctrines are then more fully developed on that foundation.
