Cramer also points out that if your investments drop by 50% you must have a 100% return to get back to even. If \$100,000 drops by 50% to \$50,000 it has to go back up 100% to get back to \$100,000. This is sobering, however I would also like to point out that a compounded 12% return six times is a 100% return, this is certainly possible and this book will show you many ways to accomplish this.
