**Classic Feynman: All the Adventures
of a Curious Character ...**

Book Overview. Richard P. Feynman,

winner of the Nobel Prize in physics, thrived on outrageous adventures. In this lively work that "can shatter the stereotype of the stuffy scientist" (Detroit Free Press), Feynman recounts his experiences trading ideas on atomic physics with Einstein and cracking the uncrackable safes guarding the most deeply held nuclear secrets--and much more of an eyebrow-raising nature.

Classic Feynman: All the Adventures of a... book by ...

Don't be intimidated by the fact that Feynman was theoretical physicist. This book is very accessible. Too be quite honest, there is not a lot of math in this book (save a few conceptual things here and there) so a working knowledge of math is not required to read this book.

Feynman also doesn't write like a professor.
