Thinking About The Baby Gender

Using qualitative data from interviews with 50 new mothers and fathers (25 couples), this paper describes three categories of mental baby care and argues that how new parents divide the work of thinking about their babies reflects an accountability to socially constructed and institutionalized differentiation between women and men.

Thinking About the Baby: Gender and Divisions of Infant ...

Many new mothers and fathers are surprised at how they change as individuals and as couples after a baby is born. Susan Walzer's interviews explore the tendency for men and women to experience their transitions into parenthood in different ways -- a pattern that has been linked to marital stress. How do new mothers and fathers think about babies, and what is the influence of parental ...

Of course, these gender predictions are just for fun. If you want to find out the gender of your baby, ask the sonographer who carries out your 18-21 week scan, but be aware that the answer won't be 100 per cent accurate. Not all hospitals will let you know your baby's gender, so you might want a paid-for private scan - ask your midwife for details of what's available in your area.
