Rich Man, Poor Man

A Novel *Open Road Media*

This New York Times–bestselling saga of two brothers in postwar America, the basis for the classic miniseries, is “a book

you can't put down" (The New York Times). Siblings Rudy, Tom, and Gretchen Jordache grow up in a small town on the Hudson River. They're in their teens in the 1940s, too young to go to war but marked by it nevertheless. Their father is the local baker, and nothing suggests they will live storied lives. Yet, in this sprawling saga, each member of the family pushes against the grain of history and confronts the perils and pleasures of a world devastated by conflict and transformed by American commerce and culture. A memorable novel by one of America's greatest twentieth-century authors, Rich Man, Poor Man offers a gripping ride through

America between the Second World War and Vietnam. It was made into one of the first primetime TV mini-series, and starred Nick Nolte, Peter Strauss, and Susan Blakely. This ebook features an illustrated biography of Irwin Shaw including rare images and never-before-seen documents from the author's estate.

Rich Man, Poor Man

RICH MAN, POOR MAN tells the story of Rudolph, Gretchen and Tom, the children of an embittered, impoverished German baker, growing up in a small town near New York City as World War II is drawing to a close. These three are seen over a period of twenty-four years in scene after brilliant scene which build up

into a revelation of twentieth-century American life: the mobility, the quick encounters, the big deals, the myth-making. Ranging from Manhattan in the effervescent post-war years, to Hollywood, bathed in uncertain sunshine, and to the deceptive peace of the Mediterranean coast, **RICH MAN, POOR MAN** is at once a triumphant study of character and a truly epic novel of America.

Rich Man Poor Man
Crown/Archetype

If you turn on the evening news or listen to NPR you'll be bombarded with a non-stop parade of commentators pontificating on the ever expanding gap between the rich and the poor. But is the chasm really that wide? In *Rich Man Poor Man*, comedian and bestselling author Adam Carolla exposes the phenomena that are embraced by the really rich and the really poor--but never the middle class--like having an outdoor shower, wearing your pajamas all day, or always having your dog with you. Combining Adam's inimitable comedic

voice and four-color illustrations by his friend Michael Narren, *Rich Man Poor Man* is a hilariously accurate look at what the people born with silver spoons in their mouths have in common with the people whose only utensils are plastic sporks stolen from a Shakey's.

A Flowering Tree and Other Oral Tales from India

A.K. Ramanujan ; Edited with a

**Preface by Stuart
Blackburn and Alan
Dundes** *Univ of
California Press*

This book of oral tales from the south Indian region of Kannada represents the culmination of a lifetime of research by A. K. Ramanujan, one of the most revered scholars and writers of his time. The result of over three decades' labor, this long-awaited collection makes available for the first time a wealth of folktales from a region that has not yet been adequately represented in world literature. Ramanujan's skill as a translator, his graceful writing style, and his profound love and understanding of the subject enrich the tales that he collected, translated, and interpreted. With a

written literature recorded from about 800 A.D., Kannada is rich in mythology, devotional and secular poetry, and more recently novels and plays. Ramanujan, born in Mysore in 1929, had an intimate knowledge of the language. In the 1950s, when working as a college lecturer, he began collecting these tales from everyone he could--servants, aunts, schoolteachers, children, carpenters, tailors. In 1970 he began translating and interpreting the tales, a project that absorbed him for the next three decades. When Ramanujan died in 1993, the translations were complete and he had written notes for about half of the tales. With its unsentimental sympathies, its

laughter, and its delightfully vivid sense of detail, the collection stands as a significant and moving monument to Ramanujan's memory as a scholar and writer.

Rich Man's War, Poor Man's Fight

Race, Class, and Power in the Rural South during the First World War

Univ of North Carolina Press

During World War I, thousands of rural southern men, black and white, refused to serve in the military. Some failed to register for the draft, while others deserted after being inducted. In the countryside, armed bands of deserters defied local authorities; capturing them required the dispatch of federal troops into

three southern states. Jeanette Keith traces southern draft resistance to several sources, including whites' long-term political opposition to militarism, southern blacks' reluctance to serve a nation that refused to respect their rights, the peace witness of southern churches, and, above all, anger at class bias in federal conscription policies. Keith shows how draft dodgers' success in avoiding service resulted from the failure of southern states to create effective mechanisms for identifying and classifying individuals. Lacking local-level data on draft evaders, the federal government used agencies of surveillance both to find reluctant conscripts and to

snuff out antiwar dissent in rural areas. Drawing upon rarely used local draft board reports, Selective Service archives, Bureau of Investigation reports, and southern political leaders' constituent files, Keith offers new insights into rural southern politics and society as well as the growing power of the nation-state in early twentieth-century America.

The author covers the theme of poverty and prosperity in the book of Proverbs. Money is nearer to our hearts than most of us would care to admit. Perhaps it is one reason why Jesus taught about

money more than anything. Prosperity pastors tell us to claim the blessing of material prosperity. Yet what does God say about it? Proverbs will set us free from false beliefs about God's will on wealth. The book of Proverbs is not a book of finances. It does not prescribe neat ethical laws governing prosperity and poverty. Instead, Proverbs teaches us tested truths about wealth and want in light of the social reality of Proverbs. It makes us rethink the tribulations of poverty and, yes, even the troubles of prosperity (Prov. 15:16). This book is a must-read for anyone who wants to learn more about wealth and want from the book of Proverbs.

Rich Man, Poor Man, Beggar Man, Thief

Some of our noted economists now postulate that income and wealth disparities in the United States, which have resulted in declining spending power of the wage and salaried workers of society, will engender perpetuating economic decline. This writing discusses some of the major pitfalls that have enabled this perilous condition to prevail as control of the electoral process has fallen victim to the power of money, a condition which impedes equality of opportunity for the workers and endangers sustainability of a vibrant free-enterprise economy.

The Debtor Class

Permanent Press (NY)

Fresh from prison, young Bento stumbles into a job at a quirky collection agency, joining an unconventional crew that works out of a former warehouse where bats and pigeons roost in the rafters. Collectors scavenge among hammered victims of an economy that never seems to work for them. Debtors include

patsies, cheats, liars, bewildered shopaholics, and furiously dedicated deadbeats. All bought the American dream but couldn't pay the price. "Bill collectors are like priests," says a crew member. "You can tell me anything." Battered "schmoes" do just that, sharing secrets with collector-confessors who in some cases only recently exited the list of shame themselves. A blue-skinned survivalist cop dreams of acceptance as he schemes to steal drug money; a young woman with a masters in library science waves to drivers from inside a chicken costume; a world-renowned author is picked clean by an ex-girlfriend; an Air Force navigator loses control

as he transports corpses of the fallen back to the States; and lovers find each other at the other end of a collection call.

Short Stories

Five Decades Open *Road Media*

A wide-ranging fictional portrait of life in postwar America by an acclaimed New Yorker short story writer and #1 New York Times–bestselling

novelist. Irwin Shaw was a star of the New Yorker’s fiction pages in the 1930s and ’40s. His prose helped shape the landscape of post-war fiction, and his work drew from a remarkable life that spanned from American football fields to European battlefields, Broadway to Hollywood, Depression-era saloons to the McCarthy hearings. Among these sixty-three stories are iconic works such as “The Eighty-Yard Run,” a tale of an American dream crippled on Black Monday, and “Main Currents in American Thought,” in which a hack radio copywriter is tormented by the glitz of show business. Through the decades, Shaw’s writing —as demonstrated in these

pages—maintains the clear-eyed moral purpose, rich in wit and startling insight, of a tough kid with a philosopher's soul. This ebook features an illustrated biography of Irwin Shaw including rare images and never-before-seen documents from the author's estate.

Romans at War

Soldiers, Citizens and Society in the Roman Republic
Routledge

This volume addresses the fundamental importance of the army, warfare, and military service to the development of both the Roman Republic

and wider Italic society in the second half of the first millennium BC. It brings together emerging and established scholars in the area of Roman military studies to engage with subjects such as the relationship between warfare and economic and demographic regimes; the interplay of war, aristocratic politics, and state formation; and the complex role the military played in the integration of Italy. The book demonstrates the centrality of war to Rome's internal and external relationships during the Republic, as well as to the Romans' sense of identity and history. It also illustrates the changing scholarly view of warfare as a social and cultural construct in

antiquity, and how much work remains to be done in what is often thought of as a "traditional" area of research. Romans at War will be of interest to students and scholars of the Roman army and ancient warfare, and of Roman society more broadly.

Herman Melville (August 1, 1819 - September 28, 1891) was an American novelist, writer of short stories, and poet from the American Renaissance period. The bulk of his writings was published between 1846 and 1857. Best known for his whaling novel *Moby-Dick* (1851), he is also legendary for having been forgotten during

the last thirty years of his life. Melville's writing is characteristic for its allusivity. "In Melville's manipulation of his reading," scholar Stanley T. Williams wrote, "was a transforming power comparable to Shakespeare's." Born in New York City, he was the third child of a merchant in French dry-goods, with Revolutionary War heroes for grandfathers. Not long after the death of his father in 1832, his schooling stopped abruptly. After having been a schoolteacher for a short time, he signed up for a merchant voyage to Liverpool in 1839. A year and a half into his first whaling voyage, in 1842 he jumped ship in the Marquesas Islands, where he lived among

the natives for a month. His first book, *Typee* (1846), became a huge best-seller, which called for a sequel, *Omoo* (1847). The same year Melville married Elizabeth Knapp Shaw; their four children were all born between 1849 and 1855. In August 1850, having moved to Pittsfield, Massachusetts, he established a profound friendship with Nathaniel Hawthorne, though the relationship lost intensity after the latter moved away. *Moby-Dick* (1851) did not become a success, and *Pierre* (1852) put an end to his career as a popular author. From 1853 to 1856 he wrote short fiction for magazines, collected as *The Piazza Tales* (1856). In 1857, while Melville was on a

voyage to England and the Near East, *The Confidence-Man* appeared, the last prose work published during his lifetime. From then on Melville turned to poetry. Having secured a position of Customs Inspector in New York, his poetic reflection on the Civil War appeared as *Battle-Pieces and Aspects of the War* (1866). In 1867 his oldest child Malcolm died at home from a self-inflicted gunshot. For the epic *Clarel: A Poem and Pilgrimage in the Holy Land* (1876) he drew upon his experience in Egypt and Palestine from twenty years earlier. In 1886 he retired as Customs Inspector and privately published some volumes of poetry in small editions. During the

last years of his life, interest in him was reviving and he was approached to have his biography written, but his death in 1891 from cardiovascular disease subdued the revival before it could gain momentum. Inspired perhaps by the growing interest in him, in his final years he had been working on a prose story one more time and left the manuscript of *Billy Budd, Sailor*, which was published in 1924.

Poor Man's Fortune

White Working-Class Conservatism in American Metal Mining, 1850-1950*UNC Press Books*

White working-class conservatives have played a decisive role in American history, particularly in their opposition to social justice movements, radical critiques of capitalism, and government help for the poor and sick. While this pattern is largely seen as a post-1960s development, *Poor Man's Fortune* tells a different story, excavating the long history of white working-class conservatism in the century from the Civil War to World War II. With a close study of metal miners in the Tri-State district of Kansas, Missouri, and

Oklahoma, Jarod Roll reveals why successive generations of white, native-born men willingly and repeatedly opposed labor unions and government-led health and safety reforms, even during the New Deal. With painstaking research, Roll shows how the miners' choices reflected a deep-seated, durable belief that hard-working American white men could prosper under capitalism, and exposes the grim costs of this view for these men and their communities, for organized labor, and for political movements seeking a more just and secure society. Roll's story shows how American inequalities are in part the result of a white working-class

conservative tradition driven by grassroots assertions of racial, gendered, and national privilege.

From the preeminent writer of Taiwanese nativist fiction and the leading translator of Chinese literature come these poignant accounts of everyday life in rural and small-town Taiwan. Huang is frequently cited as one of the most original and gifted storytellers in the Chinese language, and these selections reveal his genius. In "The Two Sign Painters," TV reporters ambush two young workers from the country taking a break atop a twenty-

four-story building. "His Son's Big Doll" introduces the tortured soul inside a walking advertisement, and in "Xiaoqi's Cap" a dissatisfied pressure-cooker salesman is fascinated by a young schoolgirl. Huang's characters--generally the uneducated and disadvantaged who must cope with assaults on their traditionalism, hostility from their urban brethren and, of course, the debilitating effects of poverty--come to life in all their human uniqueness, free from idealization.

Gina Frangello spent her early adulthood trying to outrun a youth marked by poverty and violence. Now a long-married wife and devoted mother, the better life she carefully built is emotionally upended by the death of her closest friend. Soon, awakened to fault lines in her troubled marriage, Frangello is caught up in a recklessly passionate affair, leading a double life while continuing to project the image of the perfect family. When her secrets are

finally uncovered, both her home and her identity will implode, testing the limits of desire, responsibility, love, and forgiveness. *Blow Your House Down* is a powerful testimony about the ways our culture seeks to cage women in traditional narratives of self-sacrifice and erasure. Frangello uses her personal story to examine the place of women in contemporary society: the violence they experience, the rage they suppress, the ways their bodies often reveal what they cannot say aloud, and finally, what it means to transgress "being good" in order to reclaim your own life.
