Advances And Technical Standards In

Both volumes focused on recent advances in neurosurgery and on technical standards, and monographs devoted to more specific subjects in the neurosurgical field will implement it. Written by key opinion leaders, the series volumes will be useful for young neurosurgeons in their postgraduate training but also for more experienced clinicians.

Advances and Technical Standards in Neurosurgery

The Advances section presents fields of neurosurgery and related areas in which important recent progress has been made. The Technical Standards section features detailed descriptions of standard procedures to assist young neurosurgeons in their postgraduate training.

There are two important reasons for publishing this new series entitled "Advances and Technical Standards in Neurosurgery": 1. the lack of any organized common European postgraduate training system for young neurosurgeons and 2. the language barriers, which impede the exchange of

neurosurgical findings in Europe more than in other parts of the world.
