Enjoy C and Crack IT Interview

C Questions and Answers for Placement

This book covers questions and answers from C programming which is essential for campus interview not for only IT and CS but for all Engineering streams.

Interview Questions & Answers for C, C++ and C#

Interview Questions and Answers Well Laid Down for Programmers in the Field of C,C++ Or C#. LAP Lambert Academic Publishing

This is the only book that meets the criteria of c, C++ and C# programmers. Unlike many other programming languages, which are often picked up on the go from tutorials found on the Internet, few are able to quickly pick up C++ without studying a good C++ book. It is way too big and complex for doing this. In fact, it is so big and complex, that there are many bad C++ books out there. And we are not talking about bad style, but things like sporting glaringly obvious factual errors and promoting abysmally bad programming styles. And it's even worse with online tutorials. So having this book saves alot from all the mess around. Grab yourself a copy to meet all your questions and answers for this programming language.
