Life After God *Simon and Schuster*
YOU ARE THE FIRST GENERATION
RAISED WITHOUT RELIGION What
happens if we are raised without religion

or beliefs? As we grow older, the beauty and disenchantments of the world temper our souls. In God We Trust

All Others Pay Cash *Crown*

The beloved, bestselling classic that became the movie, *A CHRISTMAS STORY* -- humorous and nostalgic Americana, reissued in a strikingly designed

paperback edition. Before Garrison Keillor and Spalding Gray there was Jean Shepherd: a master monologist and writer who spun the materials of his all-American childhood into immensely resonant--and utterly hilarious--works of comic art. In *God We Trust: All Others Pay Cash* represents one of the peaks of his achievement, a compound of irony, affection, and perfect detail that speaks across generations. In *God We Trust*, Shepherd's wildly witty reunion with his Indiana hometown, disproves the adage "You can never go back." Bending the ear of Flick, his childhood-buddy-turned-bartender, Shepherd recalls passionately his genuine Red Ryder BB gun, confesses adolescent failure in the arms of Junie Jo Prewitt, and relives a story of man against fish that not even

Hemingway could rival. From pop art to the World's Fair, Shepherd's subjects speak with a universal irony and are deeply and unabashedly grounded in American Midwestern life, together rendering a wonderfully nostalgic impression of a more innocent era when life was good, fun was clean, and station wagons roamed the earth. A comic genius who bridged the gap between James Thurber and David Sedaris, Shepherd may have accomplished for Holden, Indiana, what Mark Twain did for Hannibal, Missouri.

others. With guided prayers for children to use and inspiration to help them create their own, *God Gave Us Prayer* gently models the ACTS method of prayer: adoration, confession, thanks, and supplication. In the familiar voice that millions have grown to trust from her *God Gave Us* series, Lisa Tawn Bergren introduces kids to the power of prayer.

Desiring God

Meditations of a Christian Hedonist *Multnomah*

Insightful and heart-warming, this classic book is written for those who seek to know God better. It unfolds life-impacting, biblical truths and has been called a "soul-stirring celebration of the

pleasures of knowing God."

Evolution: Scripture and Nature Say Yes *Zondervan*

Christians throughout history have believed that God reveals himself both through Scripture and nature. The metaphor of God's Two Books is often used to represent these two divine revelations. The Book of God's Words is the Bible. Scripture reveals inerrant spiritual truths. These include, the God of Christianity is the Creator of the heavens and the earth, the creation is very good, and only humans are created in the Image of God (Gen. 1:1, 27, 31). The Book of God's Works is the physical world. Nature declares God's glory, eternal power, and divine nature (Ps. 19:1; Rom. 1:20). Through the gift of

science, our Creator has blessed us with the ability to explore and understand the structure, operation, and origin of his creation. Together God's Two Books offer us a complementary divine revelation of who created the world and how he created it. A majority of Americans view science and religion as being in conflict, according to the Pew Research Center. Christians and non-Christians alike share this view, yet if this perceived conflict misrepresents the relationship between modern science and Christian faith, then it is both unhelpful and unnecessary today. In *Evolution: Scripture and Nature Say Yes*, theologian and scientist Denis O. Lamoureux reviews several options for embracing biblical Christianity and findings of science, including biological

evolution. Holding to a high view of Scripture alongside an expert appreciation for scientific discovery, Lamoureux further outlines a way to understand passages referring to the natural world in the Bible and also demonstrates how modern science can point toward God. Lamoureux shares his own story along the way, recounting struggles many readers will relate to on his journey toward PhDs in both theology and biology and a fruitful relationship between the two. Topics in this book include: A biblical model of intelligent design in nature based on Psalm 19 and Romans 1. Examination of the ancient science in Scripture, such as a flat earth and 3-tier universe. Comparison of different Christian views on origins—young earth creation,

progressive creation (old earth creation), and evolutionary creation. Criticisms of the atheistic interpretation of evolution held by Richard Dawkins and his belief that intelligent design is merely an illusion. Galileo's peaceful relationship between Scripture and nature, including his view that "the intention of the Holy Spirit [in the Bible] is to teach us how one goes to heaven, and not how heaven goes." Darwin's religious beliefs and evidence of the impact that intelligent design had on him throughout his life, along with his claim, "It seems to me absurd to doubt that a man may be an ardent Theist [personal God] and an evolutionist." Believers wanting to honor God's Two Books—Scripture and Nature—faithfully and without conflict will find an excellent introduction in

Evolution: Scripture and Nature Say Yes.

The Torn Veil

Matthew's Exposition of the Death of Jesus *Cambridge University Press*

In this 2006 text, Daniel M. Gurtner examines the meaning of the rending of the veil at the death of Jesus in Matthew 27:51a by considering the functions of the veil in the Old Testament and its symbolism in Second Temple and Rabbinic Judaism. Gurtner incorporates these elements into a compositional exegesis of the rending text in Matthew. He concludes that the rending of the veil is an apocalyptic assertion like the opening of heaven revealing, in part, end-time images drawn from Ezekiel 37. Moreover, when the veil is torn Matthew depicts the cessation of its function, articulating the atoning role of Christ's death which gives access to God not simply in the sense of entering the Holy

of Holies (as in Hebrews), but in trademark Matthean Emmanuel Christology: 'God with us'. This underscores the significance of Jesus' atoning death in the first gospel.

Conversations with God for Teens
Hampton Roads Publishing

Suppose you could ask God any question and get an answer. What would it be? Young people all over the world have been asking those questions. So Neale Donald Walsch, author of the internationally bestselling *Conversations with God* series had another conversation. *Conversations with God for Teens* is a simple, clear, straight-to-the-point dialogue that answers teens questions about God, money, sex, love, and more. *Conversations with God for*

Teens reads like a rap session at a church youth group, where teenagers discuss everything they ever wanted to know about life but were too afraid to ask God. Walsch acts as the verbal conduit, showing teenagers how easy it is to converse with the divine. When Claudia, age 16, from Perth, Australia, asks, "Why can't I just have sex with everybody? What's the big deal?", the answer God offers her is: "Nothing you do will ever be okay with everybody. 'Everybody' is a large word. The real question is can you have sex and have it be okay with you?" There's no doubt that the casual question-and-answer format will help make God feel welcoming and accessible to teens. *Conversations with God for Teens* is the perfect gift purchase for parents, grandparents, and

anyone else who wants to provide accessible spiritual content for the teen(s) in their lives.

Joe Gould's Secret *Open Road Media*

The story of a notorious New York eccentric and the journalist who chronicled his life: “A little masterpiece of observation and storytelling” (Ian McEwan). Joseph Mitchell was a cornerstone of the New Yorker staff for decades, but his prolific career was shattered by an extraordinary case of writer’s block. For the final thirty-two years of his life, Mitchell published nothing. And the key to his silence may lie in his last major work: the biography of a supposed Harvard grad turned Greenwich Village tramp named Joe Gould. Gould was, in Mitchell’s words,

“an odd and penniless and unemployable little man who came to this city in 1916 and ducked and dodged and held on as hard as he could for over thirty-five years.” As Mitchell learns more about Gould’s epic Oral History—a reputedly nine-million-word collection of philosophizing, wanderings, and hearsay—he eventually uncovers a secret that adds even more intrigue to the already unusual story of the local legend. Originally written as two separate pieces (“Professor Sea Gull” in 1942 and then “Joe Gould’s Secret” twenty-two years later), this magnum opus captures Mitchell at his peak. As the reader comes to understand Gould’s secret, Mitchell’s words become all the more haunting. This ebook features an illustrated biography of Joseph Mitchell

including rare images from the author's estate.

Reality+: Virtual Worlds and the Problems of Philosophy *W. W. Norton & Company*

A leading philosopher takes a mind-bending journey through virtual worlds, illuminating the nature of reality and our place within it. Virtual reality is genuine reality; that's the central thesis of Reality+. In a highly original work of "technophilosophy," David J. Chalmers

gives a compelling analysis of our technological future. He argues that virtual worlds are not second-class worlds, and that we can live a meaningful life in virtual reality. We may even be in a virtual world already. Along the way, Chalmers conducts a grand tour of big ideas in philosophy and science. He uses virtual reality technology to offer a new perspective on long-established philosophical questions. How do we know that there's an external world? Is there a god? What is the nature of reality? What's the relation between mind and body? How can we lead a good life? All of these questions are illuminated or transformed by Chalmers' mind-bending analysis. Studded with illustrations that bring philosophical issues to life, Reality+ is a major

statement that will shape discussion of philosophy, science, and technology for years to come.

Cloud Cuckoo Land (Large Print Edition)

Large Print *Simon and Schuster*

From the Pulitzer Prize-winning author of *All the Light We Cannot See*, perhaps the most bestselling and beloved literary fiction of our time, comes a triumph of imagination and compassion, a soaring novel about children on the cusp of adulthood in a broken world, who find resilience, hope, and story. The heroes of *Cloud Cuckoo Land* are trying to figure out the world around them: Anna and Omeir, on opposite sides of the formidable city walls during the 1453

siege of Constantinople; teenage idealist Seymour in an attack on a public library in present day Idaho; and Konstance, on an interstellar ship bound for an exoplanet, decades from now. Like Marie-Laure and Werner in *All the Light We Cannot See*, Anna, Omeir, Seymour, and Konstance are dreamers and outsiders who find resourcefulness and hope in the midst of peril. An ancient text—the story of Aethon, who longs to be turned into a bird so that he can fly to a utopian paradise in the sky—provides solace and mystery to these unforgettable characters. Doerr has created a tapestry of times and places that reflects our vast interconnectedness—with other species, with each other, with those who lived before us and those who will be here

after we're gone. Dedicated to "the librarians then, now, and in the years to come," *Cloud Cuckoo Land* is a hauntingly beautiful and redemptive novel about stewardship—of the book, of the Earth, of the human heart.
