Resistance Bands Color Guide

Interestingly, the purple Rubberbanditz resistance band is one of my most frequently used bands. Still, I'd personally prefer the black band for training pull-ups, as the purple band gives me a little too much assistance for my liking. Of course, this is the key reason why I recommend buying a set of bands.

A Guide To The Different Colours Of Resistance Bands ...

For pull up band exercises, you want to use a higher level of resistance if you are a beginner. Because the band bears the weight of your body, the high resistance bands bear more weight and give you more of an assist. If you are just starting out, choose the blue or black band.

The Definitive Guide to Resistance Bands and Workout Bands

As a general rule, the easiest physical therapy resistance bands

colors are usually yellow, and then red or pink. Green comes next, and then blue. At the strong end of the spectrum is black, and then some brands go on to offer even stronger options of silver and gold. If you're a beginner, you'll start with the lighter tension bands.

Resistance Band Kit Workout Guide | Exercise Resistance Bands

The resistance calculator has 1 to 6 band colors with Multiplier (Mul) and tolerance (Tol) and PPM/Kelvin. You must select the right color corresponding to each column. The tolerance value tells the accuracy at which the resistor is manufactured. Normally, for gold, it is 5% and for silver, it is 10%.
