A Summer Place *Untreed Reads*
First published in 1958 and then turned into a film of the same name in 1959 featuring Troy Donahue, Sandra Dee, Dorothy McGuire and Richard Egan, this classic romance is available for the first time in ebook format. Ken and Sylvia met twice at the Summer Place. The first summer they were in their teens. Their intimacy was without love. They'd met too early. The second summer they shouldn't have fallen in love...and did. They were in their thirties-married-each with children. Had they met too late? Ken and Sylvia decided to break two marriages to make the one they wanted together. They almost broke a third that hadn't even started yet. Because Ken's daughter and Sylvia's son met at the Summer Place. They were in their teens. For them, it was neither too early nor too late. This novel is about how marriages are made on earth-and unmade. It is about the price people pay for changing their minds about love.

Music by Max Steiner

The Epic Life of Hollywood's Most Influential Composer *Oxford University Press*
During a seven-decade career that spanned from 19th century Vienna to 1920s Broadway to the golden age of Hollywood, three-time Academy Award winner Max Steiner did more than any other composer to introduce and establish the language of film music. Indeed, revered contemporary film composers like John Williams and Danny Elfman use the same techniques that Steiner himself perfected in his iconic work for such classics as Casablanca, King Kong, Gone with the Wind, The Searchers, Now, Voyager, the Astaire-Rogers musicals, and over 200 other titles. And Steiner's private life was a drama all its own. Born into a legendary Austrian theatrical dynasty, he became one of Hollywood's top-paid composers. But he was also constantly in debt--the inevitable result of gambling, financial mismanagement, four marriages, and the actions of his emotionally troubled son. Throughout his chaotic life, Steiner was buoyed by an innate optimism, a quick wit, and an instinctive gift for melody, all of which would come to the fore as he met and worked with luminaries

like Richard Strauss, George Gershwin, Irving Berlin, the Warner Bros., David O. Selznick, Bette Davis, Frank Sinatra, and Frank Capra. In *Music* by Max Steiner, the first full biography of Steiner, author Steven C. Smith interweaves the dramatic incidents of Steiner's personal life with an accessible exploration of his composing methods and experiences, bringing to life the previously untold story of a musical pioneer and master dramatist who helped create a vital new art with some of the greatest film scores in cinema history.

Mad Men

Dream Come True TV *Bloomsbury Publishing*

Don and Betty Draper live in a picture-perfect world. He is a hard-living advertising executive - a 'mad man' - on the fast track. She's a Bryn Mawr graduate and former fashion model, now a suburban princess, mother of three children. If they've everything, why are they so unhappy? Why is their dream come true not enough? This book explores, analyses, celebrates the world of "Mad Men" in all its aspects, and includes an interview with its Executive Producer and an episode guide. Every few years a new television program comes along to capture and express the zeitgeist. "Mad Men" is now that show. Since premiering in July 2007, it's won many awards and is syndicated across the globe. Its imprint is evident throughout contemporary culture, from features to fashions and online debate. Its creator Matthew Weiner, a former exec producer on "The Sopranos", has created again compelling, complex characters, this time in the sophisticated go-go world of Madison Avenue through the 1960s, with the excessive drinking and smoking, as well as the playing out of the prejudices and anxieties of an era long neglected in popular culture. "Mad Men" is a zeitgeist show of the early twenty-first century, this book demonstrates, partly because its characters are an earlier, confused and conflicted version of ourselves, trying to make the best of a future unfolding at breakneck speed.

It is a perfect August morning, and Elle, a fifty-year-old happily married mother of three, awakens at "The Paper Palace"—the family summer place which she has visited every summer of her life. But this morning is different: last night Elle and her oldest friend Jonas crept out the back door into the darkness and had sex with each other for the first time, all while their spouses chatted away inside. Now, over the next twenty-four hours, Elle will have to decide between the life she has made with her genuinely beloved husband, Peter, and the life she always imagined she would have had with her childhood love, Jonas, if a tragic event hadn't forever changed the course of their lives. As Heller colors in the experiences that have led Elle to this day, we arrive at her ultimate decision with all its complexity. Tender yet devastating, *The Paper Palace* considers the tensions between desire and dignity, the legacies of abuse, and the crimes and misdemeanors of families.

The Last *Hachette Lab*

Jon pensait avoir largement de répondre au dernier sms de sa femme. Washington DC a été effacée par une bombe nucléaire. Plus de nouvelles de New-York. Londres s'est éteinte. Berlin aussi. Voilà ce qu'il a le temps de comprendre avant que les média et les réseaux sociaux ne soient coupés à leur tour. Avant que le ciel ne se couvre de nuages oranges. Deux mois plus tard, ils sont vingt survivants réfugiés dans cet hôtel connu pour son histoire teintée de suicides et de meurtres. Jon et ses compagnons d'infortune essaient de maintenir un semblant de quotidien. Jusqu'au jour où ils découvrent le corps d'une petite fille. Les provisions s'amenuisent, les tensions s'affutent. Et si finalement le danger n'était pas à l'extérieur? Vingt survivants. Un hôtel. Un meurtre.

First Person Singular

Stories *Vintage*

NATIONAL BEST SELLER • A mind-bending new collection of short stories from the internationally acclaimed, best-selling author. • “Some novelists hold a mirror up to the world and some, like Haruki Murakami, use the mirror as a portal to a universe hidden beyond it.” —The Wall Street Journal The eight stories in this new book are all told in the first person by a classic Murakami narrator. From memories of youth, meditations on music, and an ardent love of baseball, to dreamlike scenarios and invented jazz albums, together these stories challenge the boundaries between our minds and the exterior world. Occasionally, a narrator may or may not be Murakami himself. Is it memoir or fiction? The reader decides. Philosophical and mysterious, the stories in First Person Singular all touch beautifully on love and solitude, childhood and memory. . . all with a signature Murakami twist.

One Giant Leap

The Impossible Mission That Flew Us to the Moon *Simon & Schuster*

The New York Times bestselling, “meticulously researched and absorbingly written” (The Washington Post) story of the trailblazers and the ordinary Americans on the front lines of the epic Apollo 11 moon mission. President John F. Kennedy astonished the world on May 25, 1961, when he announced to Congress that the United States should land a man on the Moon by 1970. No group was more surprised than the scientists and engineers at NASA, who suddenly had less than a decade to invent space travel. When Kennedy announced that goal, no one knew how to navigate to the Moon. No one knew how to build a rocket big enough to reach the Moon, or how to build a computer small enough (and powerful enough) to fly a spaceship there. No one knew what the surface of the Moon was like, or what astronauts could eat as they flew there. On the day of Kennedy’s historic speech, America had a total of fifteen minutes of spaceflight experience—with just five of those minutes outside the atmosphere. Russian dogs had more time in space than US astronauts. Over the next decade, more than 400,000 scientists, engineers, and factory workers would send twenty-four astronauts to the Moon. Each hour of space flight would require one million hours of work back on Earth to get America to the Moon on July 20, 1969. “A veteran space reporter with a vibrant touch—nearly every sentence has a fact, an insight, a colorful quote or part of a piquant anecdote” (The Wall Street Journal) and in *One Giant Leap*, Fishman has written the sweeping, definitive behind-the-scenes account of the furious race to complete one of mankind’s greatest achievements. It’s a story filled with surprises—from the item the astronauts almost forgot to take with them (the American flag), to the extraordinary impact Apollo would have back on Earth, and on the way we live today. From the research labs of MIT, where the eccentric and legendary pioneer Charles Draper created the tools to fly the Apollo spaceships, to the factories where dozens of women sewed spacesuits, parachutes, and even computer hardware by hand, Fishman captures the exceptional feats of these ordinary Americans. “It’s been 50 years since Neil Armstrong took that one small step. Fishman explains in dazzling form just how unbelievable it actually was” (Newsweek).

Elevator Music

A Surreal History of Muzak, Easy-Listening, and Other Moodsong; Revised and Expanded Edition *University of Michigan Press*

It's campy, it's cool, empty, intrusive, trite, and treacly. It's Big Brother singing. Call it what you will - elevator music, Moodsong ® easy listening, or Muzak ®. For a musical genre that was supposed to

offend no one, it has a lot of enemies. Musical cognoscenti decry its insipid content; regular folk -- if they notice -- bemoan its pervasiveness; while hipsters and campsters celebrate its retro chic. Mindful of the many voices, Joseph Lanza's *Elevator Music* sings seriously, with tongue in cheek, the praises of this venerable American institution. Lanza addresses the criticisms of elites who say that Muzak and its ilk are dehumanized, vapid, or cheesy. These reactions, he argues, are based more on cultural prejudices than honest musical appraisal. Says Lanza, today's so-called mood music is the inheritor of a long tradition of mood-altering music stretching back to the ancients; Nero's fiddle and the sirens of Odysseus being two famous examples. Contemporary atmospheric music, Lanza argues, not only serves the same purpose, it is also the inevitable background for our media-dominated age. One of Lanza's premises, to quote Mark Twain, is that this music is "better than it sounds." "This book will have succeeded in its purpose," he writes, "if I can help efface...the distinction between one person's elevator music and another's prized recording." Joseph Lanza is an author, producer, and music historian. His most recent book is *Russ Columbo and the Crooner Mystique*.

Another Song for Europe

Music, Taste, and Values in the Eurovision Song Contest *Routledge*

The Eurovision Song Contest is famous for its camp spectacles and political intrigues, but what about its actual music? With more than 1,500 songs in over 50 languages and a wide range of musical styles since it began in 1956, Eurovision features the most musically and linguistically diverse song repertoire in history. Listening closely to its classic fan favorites but also to songs that scored low because they were too different or too far ahead of their time, this book delves into the musical tastes and cultural values the contest engages through its international reach and popular appeal. Chapters discuss the iconic fanfare that introduces the broadcast, the supposed formulas for composing successful contest entries, how composers balance aspects of sameness and difference in their songs, and the tension between national genres of European popular music and musical

trends beyond the nation's borders, especially the American influences on a show that is supposed to celebrate an idealized pan-European identity. The book also explores how audiences interact with the contest through musicking experiences that bring people together to celebrate its sounds and spectacles. What can seem like a silly song-and-dance show offers valuable insights into the bonds between popular music and cosmopolitan values for its many followers around the world. From dance parties to flashmobs, parodies to plagiarisms, and orchestras to artificial intelligence, Another Song for Europe will be of particular interest to Eurovision fans, critics, and scholars of popular music, popular culture, ethnomusicology, and European studies.

Calypso and Other Music of Trinidad, 1912-1962

An Annotated Discography *McFarland*

Calypso, with its diverse cultural heritage, was the most significant Caribbean musical form from World War I to Trinidad and Tobago Independence in 1962. This first-ever discography of the first 50 years of Trinidadian music includes all the major artists, as well as many obscure performers. Chronological entries for 78 rpm recordings give bibliographical references, periodicals, websites and the recording locations. Rare field recordings are cataloged for the first time, including East Indian and Muslim community performances and Shango and Voodoo rites. Appendices give 10-inch LP (78 rpm), 12-inch LP (33 1/3 rpm), extended play (ep) and 7-inch single (45) listings. Non-commercial field recordings, radio broadcasts and initially unissued sessions also are listed. The influence of Trinidadian music on film, and the "Calypso craze" are discussed. Audio sources are provided. Indexes list individual artists and groups, recording titles and labels.

"Music, Sound, and Silence in Buffy the Vampire Slayer " *Routledge*

The intense and continuing popularity of the long-running television show Buffy the Vampire Slayer (1997-2003) has long been matched by the range and depth of the academic critical response. This volume, the first devoted to the show's imaginative and widely varied use of music, sound, and silence, helps to develop an increasingly important and inadequately covered area of research - the many roles of music in contemporary television. In addressing this significant gap, this book provides an exemplary overview of the functions of music and sound in the interpretation of a television show. This is done through analyses that focus on scoring and source music, the title theme, the music production process, the critically acclaimed musical episode (voted number 13 in Channel Four's One Hundred Greatest Musicals), the symbolic and dramatic use of silence, and the popular reception of the show by its international fan base. In keeping with contemporary trends in the study of popular musics, a variety of critical approaches are taken from musicology, cultural

studies, and media and communication studies, specifically employing critique, musical analysis, industry studies, and hermeneutics.
