Regular 5W30 oil will work just fine in
the '03 CTS. Your owners manual will tell
you to stay away from any other
viscosity (5W20, 10W30, etc) because
they will be either too thick or too thin. It
does not require synthetic as it is
equipped with a 3.2 liter engine that was
more or less derived from the Catera,
but just didn't break as much.
