This textbook is fantastic, very well thought out, great use of examples and background information. I am currently a Ph.D. candidate at Johns Hopkins University and an Engineer at NASA and have worked with this textbook for creating a new edition with Dr. Ram Gupta (the author of the text) and can say for certain that this text is a great resource for hydrology inside and outside of class.

Amazon.com: Customer reviews: Hydrology and Hydraulic Systems

After taking Hydraulics, Hydrology, Pump design, and Advanced Fluid Mechanics this book comes in handy for a multitude of reasons. I keep on my shelf as one of many references. With me going in for my master's this book still helps me out greatly with reflecting on material or common fluid mechanics problems.
