Estimating the number of adults with severe and persistent ...

Abstract. Historically, the medical care of persons with severe and persistent mental illness (SPMI) has been suboptimal. In many communities, large gaps exist in the continuum of services necessary to meet the medical needs of those patients, and existing services are not well coordinated. The effect of the managed mental health care on patients with SPMI remains to be seen, but it does not bode well for patients who are already at risk for being undertreated.
