Remedial education is assigned to assist students in order to achieve expected competencies in core academic skills such as literacy and numeracy. Whereas special education is designed specifically for students with special needs, remedial education can be designed for any students, with or without special needs; the defining trait is simply that they have reached a point of lack of preparedness, regardless of why. For example, even people of high intelligence can be under-prepared if their educ

Remedial education - Wikipedia

First, take a concrete approach using 3-dimensional, age-appropriate manipulatives. Second, employ 2-dimensional, age-appropriate visual aids, such as pictures, charts, etc. Finally, introduce math symbols and numbers. 5. Have the students keep a notebook listing math facts, vocabulary and procedures in their own words.
