Molded Parts

Early Cost Estimation of Injection Molded Components. David Archer, University of Rhode Island. Abstract. The purpose of this study is the establishment of techniques that will enable product designers to quickly estimate the piece price and mold cost of an injection molded component at the concept design stage, before engineering drawings are generated.

"Early Cost Estimation of Injection Molded Components" by ...

An early cost estimation methodology for die cast components has been developed. It is intended for use by product designers before detailed drawings or prototypes have been produced. The purpose of this estimating method is to allow designers to quickly determine the costs of

Early Cost Estimation of Die Cast Components

The early cost estimation of injection moulded components. Hasan Hosseini-Nasab; Department of Mechanical Engineering; Student thesis: Doctoral Thesis › PhD. Abstract. Date of Award: 2002; Language: English; Awarding Institution: University of Bath; Cite this. Standard;

The early cost estimation of

injection moulded components ...

In terms of cost estimating, in the past, before a final estimate of the total cost for a product could be put out, price quotation had to be made by the plastic injection manufacturer after the R&D firm had come up with a design for the plastic injection molding part, hence cost estimating was usually delayed, and then cost estimating was often conducted on an empirical basis which made it disputable; on the other hand, though cost-model-based calculation offers efficiency, it only takes ...
