ITIL 4 has been launched to help organizations meet professionals working in the digital world. It uses elements from previous versions and also provides a new digital operating model based on the four dimensions, the guiding principles, the move from processes to practices and the Service Value System.

From v3 to 4 - This is the new ITIL | AXELOS

One year on from the launch of ITIL 4, we ran an ITSM.tools survey to assess the level of its adoption across exam and qualification uptake, organizational use, and peoples' expectations of benefits of the new body of ITSM guidance. The results will likely surprise you.
