Kumihimo kits | Etsy

Kumihimo is an ancient Japanese craft, that makes braids of many different structures. It was first done with hands alone, but stands (Marudai, Takudai) were later developed to hold the cords, and the braid as it grows, freeing up the braider's hands for faster, easier, and more complex manipulations. Now boards made of dense foam, with slots around the edges to hold the strands, are readily available.
