Bracelet Of Bones The Viking

Bracelet of Bones is the first in what will be a trilogy. It is about a journey via water from Norway through to Russia and then into Istanbul, Turkey. Only it was all different back then - Istanbul is known as Miklagard and a tribe called the Rus controlled the part of modern-day Russia where Kiev is found.

Listen Free to Bracelet of Bones: The Viking Sagas Book 1 ...
Arm bands or torc bracelets were very common and popular among the Viking people as they could be used for multiple purposes. Some were very ornate, crafted from gold and silver and would have indicated a level of status. Others acted more like a wallet with easy to remove pieces. Arm bands in a spiral design would commonly wrap around an arm multiple times, making it easy for one to tear or bend a piece off and still have it hold firm on the arm.
