The emotional system affects most human activity and is the principal driving force in the development of clinical problems. Knowledge of how the emotional system operates in one's family, work, and social systems reveals new and more effective options for solving problems in each of these areas.

Theory - The Bowen Center

A major portion of the book is devoted to an elegant explication of Bowen theory, which conceptualizes the family as an emotional unit or as a network of interlocking relationships, not only among the family members, but also among biological,

psychological, and sociological processes. These relationships are analyzed within a multigenerational framework.

Family evaluation: An approach based on Bowen theory.

The Family Emotional System: An Integrative Concept for Theory, Science, and Practice presents an ongoing dialogue among scientists, family investigators, and clinicians related to a natural systems view of the family and human behavior that has been occurring over several decades. The concept of the family as an emotional system, as defined in Bowen theory, is presented as the principal integrative concept underlying this dialogue and an effort to move toward a science of human behavior.

The Family Emotional System eBook by John Butler ...

The concept of the nuclear family emotional system describes four basic relationship patterns that govern where problems develop in a family. People's attitudes and beliefs about relationships play a role in the patterns, but the forces primarily driving them are part of the emotional system.

Eight Concepts - The Bowen Center

The foundations of emotional intelligence in the family. Look to yourself first. A family is a system made up of interdependent individuals, but that doesn't mean you can blame your family of origin for the way you are today, any more than you can hold your mate and children responsible for your personal happiness.
