### **Documentation of Substance Use Disorders: Progress Notes**

Group Notes: This type

of note is entered into an Encounter Note. All treatment group notes must be in DAP format. Information recorded must include a summary of what happened in group. The Group note is to be completed within the same business day as the group was held (or last group held in a work week for Residential/Halfway House group notes.)

### **Progress Notes Procedure - ASAC**

A SOAP note is a progress note that contains specific information in a specific format that allows the reader to gather information about each aspect of the session. Now, to be honest, most clinicians weren't "trained" on SOAP notes as part of graduate training.

Chances are you picked up some therapy note-taking skills along the way.

Review the progress and note specific treatment goals that have been reached. For example, if a goal was to use regular

exercise as a treatment for depression, you can assess the extent to which the client has reached this goal.

You'll need to summarize the client's initial reason for seeking therapy and the length of time she attended counseling.
