I'll be taking a look into the actual philosophy behind the Law of Attraction, the supposed “science” behind this belief, and potential explanations for why it can sometimes seem like our thoughts and feelings are able to change our reality.

The Secret Law of Attraction as Explained By Napoleon Hill *Macmillan*

IT ALL STARTED WITH CARNEGIE AND HILL Few things in recent history have had the impact of The Secret. Created by Rhonda Byrnes, the video program and book have taken the ideas of the New Thought Movement that flourished in America at the turn of the twentieth century and made them as intriguing as The Da Vinci Code and as up-to-date as this morning-s headlines. This book, The Secret Law of Attraction as explained by Napoleon Hill, focuses its attention on two of the most famous names mentioned as keepers of the secret--Andrew Carnegie and Napoleon Hill--and on how Carnegie conveyed his understanding of this Secret Law of Attraction to Hill--who, in turn, transformed those concepts into the best-selling success book in the history of publishing: Think and Grow Rich. THE COMPLETE SECRET IN ONE BOOK For the first time, Napoleon Hill-s books have been carefully analyzed to identify those passages dealing with the Law of Attraction as well as the lesser-known of Carnegie-s laws that govern personal achievement and success. These key sections have been brought together between the covers of this one book, The Secret Law of Attraction

The Law of Attraction

The Secret to Manifesting Magic, Money and Love *Independently Published*

The Law of Attraction can easily be understood by becoming aware that 'like attracts like' or putting it another way 'you get back what you give out'. Sounds simple, but how do you make it an automatic part of your being? An essential component of the Law of Attraction is realizing that where you fix your attention can have a powerful impact on what happens to you. However, despite what you may have been told your ability to manifest the life of your dreams has nothing to do with positive thinking and affirmations. Think anything you want but unless you believe it, you will not be sending the right vibrations out into the universe to have it appear. You see, everything in the world is just energy vibrating at different frequencies. The sports car you want is just the same as you, a collection of atomic particles fluctuating at a precise frequency to generate it's physical form. If you want the sports car in your life you simply have to send out the intention resonating at the exact same frequency. You may be wondering if this is all true then why do so many people continue to suffer with poverty, lack and want. Most people simply dismiss this theory as 'new age mumbo jumbo', but this is a law and just like any other it doesn't care whether you believe or not. The law of gravity applies its force on you regardless of what you believe and so does the law of attraction. Even though there is a great deal of value to even merely finding out what the Law of Attraction is, this profound book takes you to an advanced level of understanding. In short, if you implement everything you read in this book your life will change more positively and dramatically than you may have ever believed possible. You will come to be more attentive to underlying negativity and can begin to combat it with new beliefs and sensations that better reflect your constructive vision of the upcoming future. This ongoing focus on self-reflection also allows you to start seeing what you really want from your life, and you can then advance to developing clearer objectives with actionable steps at every stage. Broken down into seven powerful chapters, each dealing with an important area of your life. This book has the power to deliver the life of your dreams but remember whether you believe that claim or not, you are right! If you can open your mind to a concept that has already changed the lives of thousands then you have truly found the genie's lamp! - How to attract money using the law of attraction - Living in abundance - Find your soul mate and more love than you thought possible - Manifest perfect health and vitality - Ask believe receive - Becoming fearless www.CraigBeck.com

Unleash Your Secret Creative Power To Get What You Want! *Simon and Schuster*

Now available as an eBook, a simple step-by-step guide that allows you to realistically apply the Law of Attraction to improve your life and achieve the next level of practical understanding. The Law of Attraction is one of the most popular topics in the area of self-help. At the same time, it is also one of the most misunderstood. Why is that? There are three main reasons: First, there are hundreds of

Law of Attraction books available, and most either rehash the same information or completely differ on what they teach, which results in confusion. Second, the big-name "experts" on the Law of Attraction never teach the real secrets in their books, as they mainly try to convince you to enroll in their expensive courses, which supposedly teach the real secrets. And lastly, the majority of Law of Attraction books are either motivational and/or inspirational while lacking practicality. In this economic recession, people more than ever need the Law of Attraction to find a new job, earn more money, or simply to improve their lives. What exactly is the Law of Attraction? Plain and simple, it is the process of tapping into the hidden powers of our subconscious mind to "manifest" what we desire into our physical reality. Total Law Of Attraction explains in plain language that it's our emotions, not so much our thoughts, that play a greater role in attracting what we want. Total Law Of Attraction avoids the need to search through many different Law of Attraction books to get the most important information. In one book, Dr. David Che has made the most powerful secrets of the Law of Attraction accessible for any individual who seeks them.

Secrets To Unleashing The Power From Within *Apex Universay Pty Limited*

The law of attraction is something almost everyone has experienced, on a conscious or subconscious level at one time or the other. Even as we speak, you have experienced the law of attraction at some point in your life. Do you doubt this immutable fact? Consider this: Look back to all those times when you were thinking about someone, your phone started ringing with the person you were thinking of on the other end of the line, or the time when you were thinking about someone, and out of nowhere, you bump into the person on the street. You may choose to label these things mere 'coincidences, ' 'luck, ' or 'fate' because a part of you finds it difficult to accept the existence of energy in sync with your thoughts, an energy capable of attracting the things you want. This energy is the universal energy. You can tap into this energy to transform every aspect of your life and attract everything you desire. How do you do that; how do you tap into this power? Well, you use the law of attraction. What is the law of attraction? This book will teach you everything about the law of attraction, how it works, and then detail how you can consciously begin to use it to get the things you want whether these things are the ideal relationship, a good job, better health, money, you name it.

Are you ready to manifesting anything you want into your life? Looking closely at our everyday life, you will realize that the law of attraction is present all the time. Most people do not notice the connection because of the time lag between their thoughts and the manifestation of their thoughts. However, there are some things that happen to us that we feel happened as a result of a coincidence, not knowing it is the law of attraction that is at work. For instance, have you ever thought of calling a friend, and the friend calls you around that time? Or have you ever thought of picking up your phone, and your phone rings at that instance? These experiences are not coincidences; they are a result of the law of attraction. We get more of what we focus on in life. That is why you need to get more creative with your thoughts. In this book, I am going to show you how you can consciously and deliberately attract good things into your life by aligning your thoughts in the right way. Focusing more on things that make you happy increases your chances of attracting things that make you happy. The other side of this is the negative side which is when you focus on things you are not happy about, you tend to attract things that will make you sad. For instance, if you focus on wealth and good health, you attract wealth and good health. However, if you focus on poverty, you will attract a situation that will rob you of the little things you have gathered. The School of Greatness

A Real-World Guide to Living Bigger, Loving Deeper, and Leaving a Legacy *Rodale*

When a career-ending injury left elite athlete and professional football player Lewis Howes out of work and living on his sister’s couch, he decided he needed to make a change for the better. He started by reaching out to people he admired, searching for mentors, and applying his past coaches’ advice from sports to life off the field. Lewis did more than bounce back: He built a multimillion-dollar online business and is now a sought-after business coach, speaker, and podcast host. In *The School of Greatness*, Howes shares the essential tips and habits he gathered in interviewing “the greats” on his wildly popular podcast of the same name. In discussion with people like Olympic gold medalist Shawn Johnson and Pencils of Promise CEO Adam Braun, Howes figured out that greatness is unearthed and cultivated from within. The masters of greatness are not successful because they got lucky or are innately more talented, but because they applied specific habits and tools to embrace and overcome adversity in their lives. A framework for personal development, *The School of Greatness* gives you the tools, knowledge, and actionable resources you need to reach your potential. Howes anchors each chapter with a specific lesson he culled from his greatness “professors” and his own experiences to teach you how to create a vision, develop hustle, and use dedication, mindfulness, joy, and love to reach goals. His lessons and practical exercises prove that anyone is capable of achieving success and that we can all strive for greatness in our everyday lives.
