Coronavirus (COVID-19) and the related lockdowns have resulted in a fundamental change in the way consumers interact with the bank. While most governments have continued to allow access to bank branches, the combination of social distancing requirements, lack of commercial activity, and customer hesitancy means that branch usage has reduced dramatically.

Postal organisations not only already have local infrastructure of hubs and depots to facilitate last mile delivery, but they have a mandate to visit every address in a given country, most days (if not every day) of the week. Traditional postal organisations already have the infrastructure in place for local last mile.

Postal Organisations | Reinventing the Last Mile | Accenture
