Beta TR32 Manual - www.retrotrials.com

I don't have the part list from the Beta TR 32. The engines are partly interchangeable, the the TR 34 is much different to the Beta TR 33 there are more parts interchangeable. The Beta TR 34 is very nice, lots of grunt but still torque, I sadly have no experience with the TR 32. #7.

So, I bought a Beta TR32 | Adventure Rider

Sadly Beta have not many parts of the air

cooled mono series TR32 - TR 34 left. There are some parts between the TR 32 to TR 33 that are interchangeable. So at first I would in your situation call up a BETA Dealer about the parts you need, still some are available.

Beta Tr32 Experts? - Beta - Trials Central

All TR models have the same problem with there parts, and yes it's true they are not very so easy to keep them in good state, replacing worn parts and still keep them OEM. I have just ordered a custom made piston and a new cylinder coating for mine, (found luckily a NOS spare con-rod at a dealer in France). But the Beta is too nice not to ride.

So, I bought a Beta TR32 | Page 4 | Adventure Rider

I have a Beta TR32 and TR35. I have done a little research, and they seem fairly numerous across the pond. Anybody know how rare or have an idea of import numbers for the States? The 35 is in nice shape, original with lights and rear rack. The 32 not so much, both run well.

The engine is a Beta designed and built unit and is much smaller than the Rotax units in the SWM (and other 200-300cc trials bikes of the period). It gives a much smaller bike feel when riding it and also has a steep, sharper steering angle.
