"ninety percent of who you are is invisible." Amedeo Kaplan seems just like any other new kid who has moved into the town of St. Malo, Florida, a navy town where new faces are the norm. But Amedeo has a secret, a dream: More than anything in the world, he wants to discover something -- a place, a process, even a fossil -- some treasure that no one realizes is there until he finds it. And he would also like to discover a true friend to share these things with. William Wilcox seems like an unlikely candidate for friendship: an aloof boy who is all edges and who owns silence the way other people own words. When Amedeo and William find themselves working together on a house sale for Amedeo's eccentric neighbor, Mrs. Zender, Amedeo has an inkling that both his wishes may come true. For Mrs. Zender's mansion is crammed with memorabilia of her long life, and there is a story to go with every piece. Soon the boys find themselves caught up in one particular story -- a story that links a sketch, a young boy's life, an old man's reminiscence, and a painful secret dating back to the outrages of Nazi Germany. It's a story that will take them to the edge of what they know about heroism and the mystery of the human heart. Two-time Newbery winner E. L. Konigsburg spins a magnificent tale of art, discovery, friendship, history, and truth.

Meanwhile, Stephen's uneasy peace with his own hallucinations is beginning to fray at the edges, as he strives to understand how one of them could possibly have used Stephen's hand to shoot a real gun during the previous case. And some of those hallucinations think they know better than Stephen just how many aspects his mind should make room for. How long will he be able to hold himself together?

Legion: Lies of the Beholder

The Concluding Legion Novella *Tor Books*

The shocking conclusion to Brandon Sanderson's Legion novella series, on its own for the first time. Stephen Leeds is perfectly sane. It's his hallucinations who are mad. A genius of unrivaled aptitude, Stephen can learn any new skill, vocation, or art in a matter of hours. However, to contain all of this, his mind creates hallucinatory people—Stephen calls them aspects—to hold and manifest the information. Wherever he goes, he is joined by a team of imaginary experts to give advice, interpretation, and explanation. He uses them to solve problems . . . for a price. When Stephen gets an unexpected cry for help from the woman who taught him how to control his aspects—right when one of his aspects suddenly and violently disappears—it will send him on a case the likes of which he could never have imagined.
