The Intuitionist (1999) is a postmodern novel by American author Colson Whitehead. It is set in an unnamed city that resembles New York in the 1940s, but with one major difference: in this city, elevators (or "vertical transport") have enormous political and economic clout.

The Intuitionist Summary | SuperSummary

In The Intuitionist, the most innovative, creative, and visionary new novel in a few years, Colson Whitehead takes readers into a world where the phrase going up takes on powerful metaphoric meaning. Lila Mae Watson is the city's first female African-American elevator inspector--a woman who relies on her senses and feelings rather than hard physical evidence when traversing and examining a timeless, Kafka-esque city fixated on verticality.

The Ascent of Man

The central analogy of Colson Whitehead's "The Intuitionist" is quite simple: the elevator, an important device in the skyward expansion of metropolitan areas, can also serve to lift blacks into an equal position with whites. It's simple, but it's also, at first thought, quite clumsy. I know that was my reaction upon beginning this book.
