The Trick

A Novel *Simon and Schuster*

"Sweeping between Prague during World War II and modern day Los Angeles, this deeply moving debut follows a young Jewish man in 1934 who falls in love and joins the circus as the country descends into war. Decades later, a young boy

seeks out the now cynical, elderly magician in the hopes that his spells might keep his family together. Prague, 1934: The fifteen-year-old rabbi's son Moshe Goldenhirsch marvels at the legendary circus magician known as the Half-Moon Man. Unexpectedly, he falls madly in love with the magician's delightful assistant, spurring him to run away from home to join the circus, which is slowly making its way to Germany as war looms on the horizon. Soon, he becomes a world-renowned magician known as the Great Zabbatini, even sought after by Adolf Hitler. But when Moshe is discovered to be a Jew, only his special talent can save him from perishing in a concentration camp. Los Angeles, 2007: Ten-year-old Max Cohn is convinced that magic can bring his

estranged parents back together before they divorce. So one night he climbs out of his bedroom window in search of the Great Zabbatini, certain this powerful magician has the power to reunite his family. Now, in this dazzling collection of nine entirely original essays, written with a

rare combination of give and sharpness, wit and fearlessness, she delves into the forces that warp our vision, demonstrating an unparalleled stylistic potency and critical dexterity. *Trick Mirror* is an enlightening, unforgettable trip through the river of self-delusion that surges just beneath the surface of our lives. This is a book about the incentives that shape us, and about how hard it is to see ourselves clearly through a culture that revolves around the self. In each essay, Tolentino writes about a cultural prism: the rise of the nightmare social internet; the advent of scamming as the definitive millennial ethos; the literary heroine's journey from brave to blank to bitter; the punitive dream of optimization, which insists that everything, including our bodies, should

become more efficient and beautiful until we die. Gleaming with Tolentino's sense of humor and capacity to elucidate the impossibly complex in an instant, and marked by her desire to treat the reader with profound honesty, *Trick Mirror* is an instant classic of the worst decade yet. would never understand: Sam has Purely-Obsessional OCD and is consumed by a stream of dark thoughts and worries that she can't turn off. Second-guessing every move, thought, and word makes daily life a struggle, and it doesn't help that her lifelong friends will turn toxic at the first sign of a wrong outfit, wrong lunch, or wrong crush. So when Sam meets Caroline, she has to keep her new friend with a refreshing sense of humor and no style a secret, right up there with Sam's weekly visits to her psychiatrist. This Is Not About Me *Granta Books*

From her earliest years with a boozy, accident-prone father and a reluctantly pragmatic mother, Janice Galloway's grew up as a watcher - careful and vigilant. Then her parents' marriage broke up and mother and daughter moved to an attic above a doctor's surgery. When her big sister Cora returned home, with her steady stream of boyfriends, snappy dress sense and matching temper, evasion became a way of life. This is a funny and telling book about the routine dependencies and

confusions, hopes and triumphs of childhood; it is also a book about emergence, as, slowly, the beginnings of unsuspected rage pushed the silent girl towards her voice.

Will *Penguin*

The instant #1 New York Times bestseller! "It's the best memoir I've ever read." —Oprah Winfrey "Will Smith isn't holding back in his bravely inspiring new memoir . . . An ultimately heartwarming read, Will provides a humane glimpse of the man behind the actor, producer and musician, as he bares all his insecurities and trauma." —USA Today Winner of the NAACP Image Award for Outstanding Literary Achievement One of the most dynamic and globally recognized entertainment

forces of our time opens up fully about his life, in a brave and inspiring book that traces his learning curve to a place where outer success, inner happiness, and human connection are aligned. Along the way, Will tells the story in full of one of the most amazing rides through the worlds of music and film that anyone has ever had. Will Smith's transformation from a West Philadelphia kid to one of the biggest rap stars of his era, and then one of the biggest movie stars in Hollywood history, is an epic tale—but it's only half the story. Will Smith thought, with good reason, that he had won at life: not only was his own success unparalleled, his whole family was at the pinnacle of the entertainment world. Only they didn't see it that way: they felt more like star performers in his

circus, a seven-days-a-week job they hadn't signed up for. It turned out Will Smith's education wasn't nearly over. This memoir is the product of a profound journey of self-knowledge, a reckoning with all that your will can get you and all that it can leave behind. Written with the help of Mark Manson, author of the multi-million-copy bestseller *The Subtle Art of Not Giving a F*ck*, Will is the story of how one person mastered his own emotions, written in a way that can help everyone else do the same. Few of us will know the pressure of performing on the world's biggest stages for the highest of stakes, but we can all understand that the fuel that works for one stage of our journey might have to be changed if we want to make it all the way home. The combination of genuine

wisdom of universal value and a life story that is preposterously entertaining, even astonishing, puts *Will the book*, like its author, in a category by itself.

The 48 Laws of Power *Penguin*

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the

lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Foreign Parts *Dalkey Archive Press*

What begins as a driving holiday in Northern France for two Scotswomen turns into a caustic and funny account of dysfunctional relationships - both between men and women and between women friends. Cassie and Rona - in their late thirties, both single and childless - are on each other's nerves from the moment they cross the Channel: Cassie is testy and cynical, Rona patient and plodding. Both are self-conscious of the fact that they seem to fit the stereotype of two "spinsters" linked by loneliness, and consequently

rebel against the notion that a woman needs a man to feel "complete". Faced with the dilemma of "fancying men and not liking them very much", the women ponder the alternatives as they endure one tourist nightmare after another.

Into Thin Air *Anchor*

#1 NATIONAL BESTSELLER • "A harrowing tale of the perils of high-altitude climbing, a story of bad luck and worse judgment and of heartbreaking heroism." —PEOPLE A bank of clouds was assembling on the not-so-distant horizon, but journalist-mountaineer Jon Krakauer, standing on the summit of Mt. Everest, saw nothing that "suggested that a murderous storm was bearing down." He was wrong. The storm, which claimed five lives and left countless more--including Krakauer's--in guilt-ridden disarray, would also provide the impetus for *Into Thin Air*, Krakauer's epic account of the May 1996 disaster. By

writing *Into Thin Air*, Krakauer may have hoped to exorcise some of his own demons and lay to rest some of the painful questions that still surround the event. He takes great pains to provide a balanced picture of the people and events he witnessed and gives due credit to the tireless and dedicated Sherpas. He also avoids blasting easy targets such as Sandy Pittman, the wealthy socialite who brought an espresso maker along on the expedition. Krakauer's highly personal inquiry into the catastrophe provides a great deal of insight into what went wrong. But for Krakauer himself, further interviews and investigations only lead him to the conclusion that his perceived failures were directly responsible for a fellow climber's death. Clearly, Krakauer

remains haunted by the disaster, and although he relates a number of incidents in which he acted selflessly and even heroically, he seems unable to view those instances objectively. In the end, despite his evenhanded and even generous assessment of others' actions, he reserves a full measure of vitriol for himself. This updated trade paperback edition of *Into Thin Air* includes an extensive new postscript that sheds fascinating light on the acrimonious debate that flared between Krakauer and Everest guide Anatoli Boukreev in the wake of the tragedy. "I have no doubt that Boukreev's intentions were good on summit day," writes Krakauer in the postscript, dated August 1999. "What disturbs me, though, was Boukreev's refusal to acknowledge the

possibility that he made even a single poor decision. Never did he indicate that perhaps it wasn't the best choice to climb without gas or go down ahead of his clients." As usual, Krakauer supports his points with dogged research and a good dose of humility. But rather than continue the heated discourse that has raged since *Into Thin Air*'s denouncement of guide Boukreev, Krakauer's tone is conciliatory; he points most of his criticism at G. Weston De Walt, who coauthored *The Climb*, Boukreev's version of events. And in a touching conclusion, Krakauer recounts his last conversation with the late Boukreev, in which the two weathered climbers agreed to disagree about certain points. Krakauer had great hopes to patch things up with Boukreev, but

the Russian later died in an avalanche on another Himalayan peak, Annapurna I. In 1999, Krakauer received an Academy Award in Literature from the American Academy of Arts and Letters--a prestigious prize intended "to honor writers of exceptional accomplishment." According to the Academy's citation, "Krakauer combines the tenacity and courage of the finest tradition of investigative journalism with the stylish subtlety and profound insight of the born writer. His account of an ascent of Mount Everest has led to a general reevaluation of climbing and of the commercialization of what was once a romantic, solitary sport; while his account of the life and death of Christopher McCandless, who died of starvation after challenging the Alaskan wilderness, delves even more

deeply and disturbingly into the fascination of nature and the devastating effects of its lure on a young and curious mind."

Nineteen Eighty-Four *BoD - Books on Demand*

George Orwell's *Nineteen Eighty-Four* is unquestionably the most famous dystopian novel of all times. Written in the year of 1948, the author swapped the last two digits while describing a future totalitarian society where the minds, attitudes and actions of the subjects are thoroughly scrutinized by the "Thought Police", suspected dissidents tracked down and where the worship of the mythical party leader Big Brother is forced upon the masses. The low-ranking party member Winston

Smith begins secretly to question the whole system and initiates a forbidden love affair with another party member.

A Trick of the Light

A Chief Inspector Gamache Novel
Minotaur Books

A New York Times Notable Crime Book

and Favorite Cozy for 2011 A Publishers Weekly Best Mystery/Thriller books for 2011 "Penny has been compared to Agatha Christie [but] it sells her short. Her characters are too rich, her grasp of nuance and human psychology too firm...." --Booklist (starred review) "Hearts are broken," Lillian Dyson carefully underlined in a book. "Sweet relationships are dead." But now Lillian herself is dead. Found among the bleeding hearts and lilacs of Clara Morrow's garden in Three Pines, shattering the celebrations of Clara's solo show at the famed Musée in Montreal. Chief Inspector Gamache, the head of homicide at the Sûreté du Québec, is called to the tiny Quebec village and there he finds the art world gathered, and with it a world of shading

and nuance, a world of shadow and light. Where nothing is as it seems. Behind every smile there lurks a sneer. Inside every sweet relationship there hides a broken heart. And even when facts are slowly exposed, it is no longer clear to Gamache and his team if what they've found is the truth, or simply a trick of the light.

The Confidence Men

How Two Prisoners of War Engineered the Most Remarkable Escape in History *Random House*

The Great Escape for the Great War: the astonishing true story of two World War I prisoners who pulled off one of the most ingenious escapes of all time. FINALIST FOR THE EDGAR® AWARD • NAMED

ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST AND NPR • “Fox unspools Jones and Hill’s delightfully elaborate scheme in nail-biting episodes that advance like a narrative Rube Goldberg machine.”—The New York Times Book Review Imprisoned in a remote Turkish POW camp during World War I, having survived a two-month forced march and a terrifying shootout in the desert, two British officers, Harry Jones and Cedric Hill, join forces to bamboozle their iron-fisted captors. To stave off despair and boredom, Jones takes a handmade Ouija board and fakes elaborate séances for his fellow prisoners. Word gets around, and one day an Ottoman official approaches Jones with a query: Could Jones contact the spirit world to find a

vast treasure rumored to be buried nearby? Jones, a trained lawyer, and Hill, a brilliant magician, use the Ouija board—and their keen understanding of the psychology of deception—to build a trap for their captors that will ultimately lead them to freedom. A gripping nonfiction thriller, *The Confidence Men* is the story of one of the only known con games played for a good cause—and of a profound but unlikely friendship. Had it not been for “the Great War,” Jones, the Oxford-educated son of a British lord, and Hill, a mechanic on an Australian sheep ranch, would never have met. But in pain, loneliness, hunger, and isolation, they formed a powerful emotional and intellectual alliance that saved both of their lives. Margalit Fox brings her “nose for interesting facts, the ability to

construct a taut narrative arc, and a Dickens-level gift for concisely conveying personality” (Kathryn Schulz, New York) to this tale of psychological strategy that is rife with cunning, danger, and moments of high farce that rival anything in *Catch-22*.

Are you truly in danger or has your brain simply "tricked" you into thinking you are? In *The Worry Trick*, psychologist and anxiety expert David Carbonell shows

how anxiety hijacks the brain and offers effective techniques to help you break the cycle of worry, once and for all. Anxiety is a powerful force. It makes us question ourselves and our decisions, causes us to worry about the future, and fills our days with dread and emotional turbulence. Based in acceptance and commitment therapy (ACT) and cognitive behavioral therapy (CBT), this book is designed to help you break the cycle of worry. Worry convinces us there's danger, and then tricks us into getting into fight, flight, or freeze mode—even when there is no danger. The techniques in this book, rather than encouraging you to avoid or try to resist anxiety, shows you how to see the trick that underlies your anxious thoughts, and how avoidance can backfire and

make anxiety worse. If you're ready to start observing your anxious feelings with distance and clarity—rather than getting tricked once again—this book will show you how.

Trick *Europa Editions UK*

Imagine a duel. A face-off between a man and a boy. The same blood runs through their veins. One, Daniele Mallarico, is a successful illustrator at the peak of his career. The other, Mario, is his four-year-old grandson who has barely learned to talk but has a few tricks up his loose-fitting sleeves all the same. The older combatant has lived for years in almost complete solitude. The younger one has been dumped with a grandfather he barely knows for 72 hours. Starnone's sharp novella unfolds

within the four walls (and a balcony!) of the apartment where the grandfather grew up, now the home of his daughter and her family, where the rage of an aging man meets optimism incarnate in the shape of a four-year-old child. Lurking, ever present in the conflict, is the memory of Naples, a wily, violent, and passionate city where the old man spent his youth and whose influence is not easily shaken.

Conversations with God for Teens

Hampton Roads Publishing

Suppose you could ask God any question and get an answer. What would it be? Young people all over the world have been asking those questions. So Neale Donald Walsch, author of the internationally bestselling *Conversations*

with God series had another conversation. Conversations with God for Teens is a simple, clear, straight-to-the-point dialogue that answers teens questions about God, money, sex, love, and more. Conversations with God for Teens reads like a rap session at a church youth group, where teenagers discuss everything they ever wanted to know about life but were too afraid to ask God. Walsch acts as the verbal conduit, showing teenagers how easy it is to converse with the divine. When Claudia, age 16, from Perth, Australia, asks, "Why can't I just have sex with everybody? What's the big deal?", the answer God offers her is: "Nothing you do will ever be okay with everybody. 'Everybody' is a large word. The real question is can you have sex and have it

be okay with you?" There's no doubt that the casual question-and-answer format will help make God feel welcoming and accessible to teens. Conversations with God for Teens is the perfect gift purchase for parents, grandparents, and anyone else who wants to provide accessible spiritual content for the teen(s) in their lives.
