I'm trying to gain some knowledge, I
 have a lead on a 1985 Honda ATC 250SX
 I know they were made from 85-87 and
 share the same engine and driveline as
 the Big Red did. (except for the gears
 between the driveshaft and rear axle,
 and the tire height) I understand the
 250sx has more suspension travel than
 the Big Red. The 85 has four forward
 speeds, were more available in later
 years?
