Morphology Of The Adrenal Gland • Video • MEDtube.net

Erdoğan and Pérez [13] described the shape of the adrenal glands in the pampas deer and found inter-individual differences in the shape of the left gland. Two of the ten studied deer had a V- or heart-shaped left gland, while the remaining eight animals had an oval shaped one. The right gland was oval-

shaped in all the studied deer.

The morphology of the adrenal gland in the European bison ...

The adrenal glands are endocrine glands that produce a variety of hormones including adrenaline and the steroids aldosterone and cortisol. They are found above the kidneys. Each gland has an outer cortex which produces steroid hormones and an inner medulla. The adrenal cortex itself is divided into three zones: the zona glomerulosa, the zona fasciculata and the zona reticularis. The adrenal cortex produces three main types of steroid hormones: mineralocorticoids, glucocorticoids, and androgens.

Adrenal gland - Wikipedia

The adrenal glands are endocrine organs located in the abdominal cavity directly above the kidneys. Each gland consists of an inner adrenal medulla encased by the outer adrenal cortex. The adrenal cortex is responsible for the synthesis and release of glucocorticoids and mineralocorticoids and is also an additional source of androgens in humans.

Adrenal Gland - an overview | ScienceDirect Topics

The two most frequent configurations for the right adrenal gland were linear (87%) and V-shaped; for the left adrenal gland, the three most common configurations were V-shaped (50%), Y-shaped (32%) and triangular (18%). The authors did not describe finer morphological features, which probably were obscured by technical limitations.

Morphology Of Adrenal Gland And Lymph Organs Is Impaired

The adrenal glands are organized into two distinct regions – the cortex and the medulla. The cortex contains cells with characteristics typical of steroid-secreting cells which store their secretory products in secretory granules. The cells are arranged into the cellular cords surrounded by sinusoids.
