Social Psychology

"We cast social psychology in the intellectual tradition of the liberal arts. By the teaching of great literature, philosophy, and science, liberal arts education seeks to expand our awareness and to liberate us from the confines of the present. By focusing on humanly significant issues, we aim to offer social psychology's big ideas and findings to pre-professional psychology students,

and to do so in ways that stimulate all students. And with close-up looks at how the game is played-at the varied research tools that reveal the workings of our social nature-we hope to enable students to think smarter"--

Social Psychology

College le Overruns

Adopting a multicultural approach, this text guides readers in the study of social thinking, social influence, and social relations. It emphasises social psychology's applications to both work and life, and uses vignettes to emphasise the relevance of social psychology research.

Psychology *Worth Publishers*

From its beginnings to this remarkably fresh and current new edition, Myers and DeWall's *Psychology* has found extraordinarily effective ways to involve students with the remarkable research underlying our understanding of human behavior. But

while the content and learning support evolves edition after edition, the text itself continues to be shaped by basic goals David Myers established at the outset, including to connect students to high-impact research, to focus on developing critical thinking skills, and to present a multicultural perspective on psychology, so students can see themselves in the context of a wider world. This new edition offers 2100 research citations dated 2015-2020, making these the most up-to-date introductory psychology course resources available. With so many exciting new findings, and every chapter updated with current new examples and ideas,

students will see the importance and value of psychological research, and how psychology can help them make sense of the world around them. The abundant, high quality teaching and learning resources in LaunchPad and in Achieve Read & Practice, carefully matched to the text content, help students succeed, while making life easier and more enjoyable for instructors.

Social Psychology

Fifth International Student Edition

W.W. Norton & Company

psychology using abundant tools, both in text and online. (NEW) infographics examine important topics like social class, social media effects, and research methodology. InQuizitive online assessment reinforces fundamental concepts, and PowerPoints, test questions, and (NEW) Concept Videos, will help you create the best course materials in the shortest amount of time.

Loose-leaf Version for Psychology

Macmillan Higher Education

David Myers' new partnership with coauthor C. Nathan DeWall matches two dedicated educators and scholars, each passionate about teaching psychological science through writing

and interactive media. With this new edition of the #1 bestselling *Psychology*, Myers and DeWall take full advantage of what an integrated text/media learning combination can do. New features move students from reading the chapter to actively learning online: *How Would You Know* puts students in the role of scientific researcher and includes tutorials on key research design principles; *Assess Your Strengths* self-tests help students learn a little more about themselves, and include tips about nurturing key strengths. These and other innovations rest on the same foundations that have always distinguished a new David Myers edition—exhaustive

updating (hundreds of new citations), captivating writing, and the merging of rigorous science with a broad human perspective that engages both the mind and heart.

Social Psychology

The Science of Everyday Life *Macmillan Higher Education*

With Macmillan's superior content delivered by LaunchPad, Social Psychology offers a fresh approach to the study of social psychology, that no other available text can match. The authors draw on over 50 years of combined teaching and research to guide students through the rich diversity of the science of social psychology,

weaving together explanations of theory, research methods, empirical findings, and applications to show how social psychologists work to understand and solve real-world problems. The new edition's LaunchPad brings together all student and instructor resources, including an interactive e-book, LearningCurve adaptive quizzing, Video Activities, The Science of Everyday Life Experiments and Activities, and more.

Social Cognition

How Individuals Construct Social Reality *Psychology Press*

How do people think about the world? How do individuals make sense of their complex

social environment? What are the underlying mechanisms that determine our understanding of the social world? Social cognition - the study of the specific cognitive processes that are involved when we think about the social world - attempts to answer these questions. Social cognition is an increasingly important and influential area of social psychology, impacting on areas such as attitude change and person perception. This introductory textbook provides the student with comprehensive coverage of the core topics in the field: how social information is encoded, stored and retrieved from memory; how social knowledge is structured and represented; and what processes are involved when individuals form judgements and make decisions. The overall aim is to highlight the main concepts and how they interrelate, providing the student with an insight into the whole social cognition framework. With this in mind, the first two chapters provide an overview of the sequence of information processing and outline general principles. Subsequent chapters build on these foundations by providing more in-depth discussion of memory, judgemental heuristics, the use of information, hypothesis-testing in social interaction and the interplay of affect and cognition. Social Cognition will be

essential reading for students and researchers in psychology, communication studies, and sociology.

Psychology *Pearson College Division*

For one-semester introductory psychology courses in both two- and four-year colleges. Prentice Hall presents the Sixth Edition of one of the most widely-adopted introductory psychology textbooks on the market. It is well-known for its pioneering focus on the development of critical thinking skills crucial to students' success in college and in later life. It is also widely regarded for the liveliness, warmth, and clarity of its writing style, and continues its tradition of integrating

gender, culture, and ethnicity throughout the text while providing a comprehensive introduction to the field.

Social Psychology *McGraw-Hill*

Humanities/Social Sciences/Languages

In this edition, the author once again weaves an inviting and compelling narrative that speaks to ALL of your students regardless of background or intended major. And with Connect Social Psychology and LearnSmart, students are able to create a personalized learning plan helping them be more efficient and effective learners. With LearnSmart, students know what they know and master what they

don't know and faculty are able to move to more in-depth classroom discussions. Through examples and applications as well as marginal quotations from across the breadth of the liberal arts and sciences, Myers draws students into the field of social psychology. At the same time, Myers is also in tune with the ever-changing state of social psychology research. Research Close-Up and Inside Story features throughout the book provide deeper exposure to key research and researchers. Marginal quotations, examples and applications throughout each chapter, and the concluding Applying Social Psychology chapters all ensure

that regardless of your students' interests and future plans, Social Psychology will engage them.

Social Psychology, Global Edition

For courses in Social Psychology Social Psychology, Fourteenth Edition retains the hallmark of its past success: up-to-date coverage of the quickly evolving subject matter written in a lively manner that has been embraced by thousands of students around the world. Authors Nyla Branscombe and Robert Baron--both respected scholars with decades of undergraduate teaching experience--generate student excitement by revealing the connections between

theory and real-world experiences. The Fourteenth Edition offers updated content to engage students, as well as new "What Research Tells Us About..." sections in each chapter that illustrate how research findings help answer important questions about social life.

Loose-leaf for Social Psychology *McGraw-Hill Education*

Connecting Social Psychology to the world around us. Social Psychology introduces students to the science of us: our thoughts, feelings, and behaviors in a changing world. Students learn to think critically about everyday behaviors and gain an appreciation for the world around us, regardless of

background or major. In this edition, esteemed author David Myers is again joined by respected psychology professor and generational differences researcher Jean Twenge, in presenting an integrated learning program designed for today's students.

Biological Psychology *Cengage Learning*

Dr. James W. Kalat's BIOLOGICAL PSYCHOLOGY is the most widely used text in the course area, and for good reason: an extremely high level of scholarship, clear and occasionally humorous writing style, and precise examples. Throughout all eleven editions, Kalat's goal has been to make biological psychology

accessible to psychology students, not just to biology majors and pre-meds. Another goal has been to convey the excitement of the search for biological explanations of behavior, and Kalat delivers. Updated with new topics, examples, and recent research findings--and supported by new online bio-labs, part of the strongest media package yet--this text speaks to today's students and instructors. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Psychology (High School Edition)
Macmillan Higher Education

With every carefully revised, meticulously updated edition, *Psychology* by David Myers and Nathan DeWall continues to be the best-selling introductory psychology program. And students don't just use it--they love it. How do we know? They tell us. Students regularly contact the authors with feedback and appreciation for producing a text that is both enlightening and engaging. With wit and humor, and through poignant personal stories, Drs. Myers and DeWall lead you on an exciting journey through psychological science.

Psychology 2e

Exploring Psychology in Modules
Worth Pub

Social Psychology

The 7th edition of this best-selling social psychology text by Graham Vaughan and Michael Hogg, *Social Psychology*, retains the structure and approach of the previous edition but has been revised to reflect the changes in the field, with the material thoroughly updated throughout. *Social Psychology 7e* continues to capture the scope and detail of contemporary social psychology as an international scientific enterprise and at the same time deals with the subject in a way that is relevant to university teaching and social psychology research in Australia and New Zealand. *Social Psychology 7e* is accompanied by MyPsychLab, an interactive online study

resource to consolidate and further students' understanding.

Together, the book and online resources make this an ideal resource for those studying the subject for the first time.

Social Psychology

SAGE Publications, Incorporated

This award-winning text invites students to discover social psychology's relevance to their lives. Authors Thomas Heinzen and Wind Goodfriend capture student interest by weaving stories drawn from their own personal experiences with compelling examples from everyday life, all carefully placed in historical context. An Introduction to Social Psychology

Advanced Social Psychology

The State of the Science *Oxford University Press*

Social psychology is a flourishing discipline. It

explores the most essential questions of the human psyche (e.g., Why do people help or harm others? How do influence professionals get us to do what they want, and how can we inoculate ourselves against their sometimes-insidious persuasion tactics? Why do social relationships exert such powerful effects on people's physical health?), and it does so with clever, ingenuitive research methods. This edited volume is a textbook for advanced social psychology courses. Its primary target audience is first-year graduate students (MA or PhD) in social psychology, although it is also appropriate for upper-level undergraduate courses in social psychology and for doctoral

students in disciplines connecting to social psychology (e.g., marketing, organizational behavior). The authors of the chapters are world-renowned leaders on their topic, and they have written these chapters to be engaging and accessible to students who are just learning the discipline. After reading this book, you will be able to understand almost any journal article or conference presentation in any field of social psychology. You will be able to converse competently with most social psychologists in their primary research domain, a use skill that is relevant not only in daily life but also when interviewing for a faculty position. And,

most importantly, you will be equipped with the background knowledge to forge ahead more confidently with your own research.

Social Psychology

Pearson New International Edition

Where great science meets great teaching. At just fourteen chapters, *Psychology: Core Concepts 7e* provides rich coverage of the foundational topics taught in most introductory courses. *Psychology: Core Concepts* focuses on a manageable number of core concepts (usually three to five) in each chapter, allowing students to attain a deeper level of understanding of the material. Learning is reinforced through

focused application and critical thinking activities, and connections between concepts are drawn across chapters to help students see the big picture of psychology as a whole. The 7th edition features an enhanced critical thinking emphasis, with new chapter-opening Problems and new end-of-chapter critical thinking applications that promote active learning.

Social Psychology and Human Nature, Brief *Cengage Learning*

SOCIAL PSYCHOLOGY AND HUMAN NATURE, 4th Edition, offers a remarkably fresh and compelling exploration of the fascinating field of social psychology. Respected researchers,

teachers, and authors Roy Baumeister and Brad Bushman give students integrated and accessible insight into the ways that nature, the social environment, and culture interact to influence social behavior. While giving essential insight to the power of situations, the text's contemporary approach also emphasizes the role of human nature -- viewing people as highly complex, exquisitely designed, and variously inclined cultural animals who respond to myriad situations. With strong visual appeal, an engaging writing style, and the best of classic and current research, SOCIAL PSYCHOLOGY AND HUMAN NATURE helps students make sense of the

sometimes baffling -- but always interesting - diversity of human behavior. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Understanding Human Interaction

Allyn & Bacon

Physiology of Behavior *Pearson*

For courses in Physiological/Biopsychology An up-to-date, comprehensive, and accessible overview of behavioral neuroscience Physiology of Behavior provides a scholarly yet accessible portrait of the dynamic interaction between biology and behavior.

Lead author Neil Carlson and new co-author Melissa Birkett drew upon their experience teaching and working with students to create the new edition of this comprehensive and accessible guide for students of behavioral neuroscience. In addition to updated research, the Twelfth Edition offers an updated art and visual program and a more robust learning architecture that highlights key concepts, guiding students through the text. Physiology of Behavior, Twelfth Edition is also available via REVEL(tm), an immersive learning experience designed for the way today's students read, think, and learn.

Updated Myers' Psychology for AP®
Macmillan Higher Education

Announcing a new Myers/DeWall text, created specifically for the Fall 2019 AP® course framework! You are likely familiar with the name Dr. David G. Myers. Now, he and his new co-author, Nathan DeWall, bring you a book that will allow you to use College Board's new Personal Progress Checks and Dashboard more effectively. This updated edition includes 100% of the new course content in the new nine-unit structure. All teacher and student resources will also be updated to correlate to the new student edition; this

includes the TE, TRFD, TB, Strive, and LaunchPad. Everything will publish in summer 2020 such that you can use this new program for Fall 2020 classes. If you're not familiar with Myers/DeWall texts, you are in for a treat! Drs. Myers and DeWall share a passion for the teaching of psychological science through wit, humor, and the telling of poignant personal stories (individually identified in the text by the use of each author's initials [DM and ND]). Through close collaboration, these authors produce a unified voice that will teach, illuminate, and inspire your AP® students.

Social Psychology
Wadsworth Publishing Company

Distinguished by its current-events emphasis, strong diversity coverage, and engaging connections drawn between social psychology and students' everyday lives, *Social Psychology, International Edition*, remains one of the most scholarly and well-written texts in its field. Integrating classic and contemporary research, the text also includes comprehensive coverage of social cognition and evolutionary psychology, and features authoritative material on social psychology and the law. In addition, coverage of culture and diversity are integrated into every chapter by Hazel Rose

Markus, a leader and respected researcher in the study of cultural psychology.

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab &

Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- From renowned educational psychologist, Robert

Slavin, the Tenth Edition of this popular text translates theory into practices that teachers can use in their classrooms with deeper inquiry into the concept of intentionality and a thorough integration of standards. This edition highlights current issues and emerging trends in the field of educational psychology. The tenth edition continues to have in-depth, practical coverage with a focus on the intentional teacher by presenting up-to-the-minute research that a reflective, intentional teacher can apply. An "intentional teacher," according to Slavin, is one who constantly reflects on his or her practice and makes instructional decisions based on a clear

conception of how these practices affect students. To help readers become "intentional teachers," the author offers a set of questions to guide them and models best practices through classroom examples.

UNDERSTANDING PSYCHOLOGY

On Marrying the Wrong Person and Other Lessons *School of Life*

A pessimist's guide to marriage, offering insight, practical advice, and consolation.

Loose-leaf for Social Psychology *McGraw-Hill Education*

"We cast social psychology in the intellectual tradition of the liberal arts. By the teaching of great

literature, philosophy, and science, liberal arts education seeks to expand our awareness and to liberate us from the confines of the present. By focusing on humanly significant issues, we aim to offer social psychology's big ideas and findings to pre-professional psychology students, and to do so in ways that stimulate all students. And with close-up looks at how the game is played-at the varied research tools that reveal the workings of our social nature-we hope to enable students to think smarter"--
