The OPC - Assessment - Bespoke Norms

Norms respect the intelligence of the individual by not having to encode every little thing into a formal rule. Individuals may rebel against norms, particularly if they are part of a group by circumstances such as birth and don't agree with the culture and traditions that have been handed down. Norms are meant to change and it is the role of each generation to challenge existing norms. Individuals who criticize the norms of society often flock to a subculture that has equally strong norms.
