Popular Culture and World Politics - E-International Relations

Post-truth politics is a political culture in which debate is framed largely by appeals to emotion disconnected from the details of policy, and by the repeated assertion of talking points to which factual rebuttals are ignored. Post-truth differs from traditional contesting and falsifying of facts by relegating facts and expert opinions to be of secondary importance relative to appeal to emotion. While this has been described as a contemporary problem, some observers have described it as a long-
