About International Law, Power, Security and Justice. These collected essays deal with the evolutions and immutabilities of international society and international law during the last 25 years, a period during which these fields of study have undergone many changes. The starting point is that far from operating at different levels or being in conflict, international law and politics are closely intertwined.

Theories of law and justice. For the purpose of these notes the term 'law' refers not only to the substantive law, whether developed in the courts, by Parliament or from other sources, but also to procedural rules and principles by which the laws themselves are made and the legal system administered. Justice is a concept that can be described simply by a synonym such as fairness, equality or even-handedness.

Law and Justice (Polish: Prawo i Sprawiedliwość ['prawo i spravjɛd'livɔɕtɕ] (); PiS) is a national conservative and right-wing populist political party in Poland, a member of the Eurosceptic European Conservatives and Reformists Party. With 198 seats in the Polish Sejm and 48 in the Senate, PiS is currently the largest political party in the Polish parliament, and the dominant party ...

Law and Justice - Wikipedia

Difference Between Law and Justice. The concepts of law and justice are often confused and misinterpreted by many.

While the two are strictly connected, they are not the same thing. Justice is a broad concept that is based on equality of rights, fairness and morality. Conversely, law is a body of regulations and standards set up by governments and international bodies and is (or should be) based on the idea of justice.

Recognizing these facts, the series on Law, Justice and Power takes a broad view of legal scholarship.It publishes

books by social scientists, humanists and legal academics which connect an understanding of culture's normative ideals with examination of the complex ways that law works in the world, insist that justice is inseparable from social practices and analyze law as one form of power, one way of constituting, controlling and changing the social world.
