Social marketing can help achieve sustainable behaviour change

Social marketing—using marketing tools and techniques to facilitate behavior change—is a proven approach that’s been used for decades in programs addressing public health, social and environmental issues, and international development. It’s not just about creating clever ads, conducting focus groups or leveraging social media.

Using Social Marketing for Behavior Change

This type of initiative provides a platform for change agents, opinion leaders or “Connectors” to make the case for the behavior change and engage in a meaningful dialogue with the target audience. Regardless of how change agents emerge, they can play powerful roles in community building and social change. The challenge for behavior change initiatives is to identify and empower change agents to lead.
