Welcome to Patricia Briggs's world, a place where "witches, vampires, werewolves, and shape-shifters live beside ordinary people" (Booklist). It takes a very unusual woman to call it home—and there's no one quite like Mercy Thompson. By day, Mercy Thompson is a car mechanic in the sprawling Tri-Cities of Eastern Washington. By night, she explores her preternatural side.

As a shape-shifter with some unusual talents, Mercy's found herself maintaining a tenuous harmony between the human and the not-so-human on more than one occasion. This time she may get more than she bargained for. Marsilia, the local vampire queen, has learned that Mercy crossed her by slaying a member of her clan—and she's out for blood. But since Mercy is protected from direct reprisal by the werewolf pack (and her close relationship with its sexy Alpha), it won't be Mercy's blood Marsilia is after. It'll be her friends'.

"Expect to be spellbound"* by Patricia Briggs's #1 New York Times bestselling series

starring Mercy Thompson. Being a lowly "walker" in a world of vampires, werewolves, and fae once kept her safe. But Mercy's bark—and bite—are not so harmless any more... Though Mercy can shift her shape into that of a coyote, her loyalty never wavers. So when her former boss and mentor, Zee, asks for her help, she's there for him. A series of murders has rocked a fae reservation, and Zee needs her unique gifts, namely her coyote sense of smell, to sniff out the killer. But when Zee is accused of murdering the suspect Mercy outed, he's left to rot behind bars by his own kind. Now it's up to Mercy to clear his name, whether he wants her to or not.

Mercy's loyalty is under pressure from other directions, too. Werewolves are not known for their patience, and if Mercy can't decide between the two she cares for, Sam and Adam may make the choice for her... *Lynn Viehl, New York Times bestselling author

Centuries ago, the fae dwelt in Underhill--until she locked her doors against them. They left behind their great castles and troves of magical artifacts. They abandoned their prisoners and their pets. Without the fae to mind them, those creatures who remained behind

roamed freely through Underhill wreaking havoc. Only the deadliest survived. Now one of those prisoners has escaped. It can look like anyone, any creature it chooses. But if it bites you, it controls you. It lives for chaos and destruction. It can make you do anything--even kill the person you love the most. Now it is here, in the Tri-Cities. In my territory. It won't, can't, remain. Not if I have anything to say about it.

Enter Dominic De Luca, an operative for the Covenant of St. George, and Verity's on-again, off-again boyfriend. When he tells her that the Covenant is sending a full team to assess how ready the city is for a

purge, Verity finds herself between a rock and a hard place. Stay, and risk her almost-certain death, or flee, and leave the cryptids of New York with nothing between them and the Covenant. With allies and enemies on every side, and no safe way to turn, it's going to take some quickstepping for Verity to waltz out of this one. There's just one question on everyone's mind: Is this the last dance for Verity Price?
