The Last Good Girl

A Novel *Simon and Schuster*

From Allison Leotta, the “highly entertaining storyteller” (George Pelecanos) who writes “in a style that’s as real as it gets” (USA TODAY), a ripped-from-the-headlines novel featuring prosecutor Anna Curtis at the center of a national story involving campus rape and the disappearance of a young woman. Emma, a freshman at a Michigan university, has gone missing. She was last seen leaving a bar near the prestigious and secretive fraternity known on campus as “the rape factory.” The main suspect is Dylan Brooks, the son of one of the most powerful politicians in the state. But so far the only clues are pieced-together surveillance footage of Emma leaving the bar that night...and Dylan running down the street after her. When Anna discovers the video diary Emma kept over her first few months at college, it exposes the history she had with Dylan: she had accused him of rape before disappearing. Emma’s disappearance gets media attention and support from Title IX activists across the country, but Anna’s investigation hits a wall. Now Anna is looking for something, anything she can use to find Emma alive. But without a body or any physical evidence, she’s under threat from people who tell her to think hard before she ruins the name of an “innocent young man.” Inspired by real-life stories, *The Last Good Girl* shines a light on campus rape and the powerful emotional dynamics that affect the families of the men and women on both sides.

From Edgar Allen Poe to Kelly Link, M.R. James to Neil Gaiman, H. H. Munro to Audrey Niffenegger herself, *Ghostly* reveals the evolution of the ghost story genre with tales going back to the eighteenth century and into the modern era, ranging across styles from Gothic Horror to Victorian, with a particular bent toward stories about haunting—haunted children, animals, houses. Every story is introduced by Audrey Niffenegger, an acclaimed master of the craft, with some words on its background and why she chose to include it. Niffenegger’s own story is, “A Secret Life With Cats.” Perfect for the classic and contemporary ghost story aficionado, this is a delightful volume, beautifully illustrated. *Ghostly* showcases the best of the best in the field, including Edith Wharton, P.G. Wodehouse, A.S. Byatt, Ray Bradbury, and so many more.

Cove *Catapult*

“To read *Cove* is to take a masterclass in taking out everything but the essentials. This is writing stripped back to the bone, and storytelling that gets under the skin. Powerful, terrifying, brilliantly done.”—Jon McGregor, author of *Reservoir 13* Out at sea, in a sudden storm, a man is struck by lightning. When he wakes, injured and adrift on a kayak, his memory of who he is and how he came to be here is all but shattered. He will need to rely on his instincts, resilience, and imagination to get safely back to the woman he dimly senses is waiting for his return. This is an extraordinary, visceral portrait of a man locked in a struggle with the forces of nature.

Springtime

A Ghost Story *Catapult*

“This is a gorgeous, delicately surprising piece of writing. . . . It's like spirit photography, all fuzzy outlines and unaccountable light: a snapshot of something that may or may not exist.” —Terrence Rafferty, *The New York Times Book Review* When Frances met Charlie at a party in Melbourne, he was married with a young son. Now that the couple has moved to subtropical Sydney, a lush and more chaotic city, Frances has an unshakable sense that the world has tipped on its axis. Everything seems alien, and exotic—and Frances is haunted by the unknowability of Charlie's previous life. A young art historian studying the objects in paintings--the material world--Frances takes mind-clearing walks around her neighborhood with her dog. Behind the fence of one garden, she thinks she sees a woman in an old-fashioned gown, but something is not right. It's as if the garden exists in a vacuum suspended in time, "at an angle to life." *Springtime* is a ghost story that doesn't conform to the genre's traditions of dark and stormy nights, graveyards and ruins. It breaks new ground by unfolding in sunny, suburban Australia, and the realism of the characters and events make the story's ambiguities and eeriness all the more disquieting. The richness of observation here is immediately recognizable as Michelle de Kretser's, a writer who has been praised by Hilary Mantel as a master of ""the sharp, almost hallucinatory detail."

Giggle, Giggle, Quack *Simon and Schuster*

When Farmer Brown goes on vacation, leaving his brother Bob in charge, Duck makes trouble by changing all his instructions to notes the animals like much better.

The Graveyard Book *Harper Collins*

He would be completely normal if he didn't live in a graveyard, being raised by ghosts, with a guardian who belongs to neither the world of the living nor the dead. There are adventures in the graveyard for a boy—an ancient Indigo Man, a gateway to the abandoned city of ghouls, the strange and terrible Sleer. But if Bod leaves the graveyard, he will be in danger from the man Jack—who has already killed Bod's family.

School for the Unspeakable *Wildside Press LLC*

“The headmaster was a proper churchgoer,” began Hoag, as though he were the spokesman for the group. “He didn’t have any use for devils or devil-worship. Went on record against them when he addressed us in chapel. That was what started us.” “Right,” nodded Andoff, turning up his fat, larval face. “Anything he outlawed, we wanted to do. Isn’t that logic?” “Logic and reason,” wound up Felcher. His hairy right hand twiddled on the sill near Setwick’s thigh. In the moonlight it looked like a big, nervous spider. Hoag resumed. “I don’t know of any prohibition of his it was easier or more fun to break.” Setwick found that his mouth had gone dry. His tongue could barely moisten his lips. “You mean,” he said, “that you began to worship devils?”

The Lottery *The Creative Company*

A seemingly ordinary village participates in a yearly lottery to determine a sacrificial victim.

Where Is Here *Harper Perennial*

In dramatic, tightly focused narratives charges with tension, menace, and the shock of the unexpected, *Where Is Here?* examines a world in which ordinary life is electrified by the potential for sudden change. Domestic violence, fear and abandonment and betrayal, and the obsession with loss shadow the characters that inhabit these startling, intriguing stories. With the precision and intensity that are the hallmarks of her remarkable talent, Joyce Carol Oates explores the unexpected turns of events that leave people vulnerable and struggling to puzzle out the consequences of their abrupt reversals of fortune. As in the title story, in which a married couple find their controlled life irrevocably altered by a stranger's visit, the fiction in this new collection is punctuated again and again by mysterious, perhaps unanswerable, questions: "Out of what does our life arise? Out of what does our consciousness arise? Why are we here? Where is here?" Like the questions they pose, these tales -- at once elusive and direct -- unfold with the enigmatic twists of riddles and, often, the blunt shock of tragedy. Where is Here? is the work of a master practitioner of the short story.

Spooky Hour

The midnight spooks come around when the bell in the rickety tower bongs twelve times.

He’d cast a spell for her, but when she’s transported right to him, she’s not so sure she’s ready to be under the spell of another man. If only Criminy wasn't so deliciously rakish... Half the inhabitants of Sang are Pinkies—human—and the other half are Blutmen, who in Tish’s world would be called vampires. But they don't mess with any of the bat/coffin/no sunlight nonsense. They’re rather like you and me, just more fabulous, long living, and mostly indestructible—they’re also very good kissers. But when the evil Mayor of Manchester (formerly Blutchester) redoubles his efforts to rid Sang of the Blutmen once and for all, he steals Tish’s locket in hopes of traveling back to her world himself for reinforcements. Criminy and Tish must now battle ghosts, sea monsters, wayward submarines, a secret cabal, and thundering Blutmares to get the locket back and allow Tish to return home...but has she found love with Criminy? In The Garden Of The North American Martyrs

Stories *Harper Collins*

Among the characters you'll find in this collection of twelve stories by Tobias Wolff are a teenage boy who tells morbid lies about his home life, a timid professor who, in the first genuine outburst of her life, pours out her opinions in spite of a protesting audience, a prudish loner who gives an obnoxious hitchhiker a ride, and an elderly couple on a golden anniversary cruise who endure the offensive conviviality of the ship's social director. Fondly yet sharply drawn, Wolff's characters stumble over each other in their baffled yet resolute search for the "right path."
