George Steiner's central argument in *Real Presences* is that the experience of meaning in art, music and literature presupposes the existence of God. In his words: "any coherent account of the capacity of human to communicate meaning or feeling is, in the final analysis, underwritten by the assumption of God presence" (3).

Real Presences by George Steiner - Goodreads

Real Presences. by George Steiner. University of Chicago Press. 256 pp. \$19.95. We live in an era of theory, George Steiner declares in his new book. Our current philosophies ridicule the search for fundamental truths, call into question language's capacity to communicate meaning, deny the existence of God. And the worst of these is deconstruction.

This is the vision with which George Steiner opens his new meditation, Real Presences. His subtitle – 'Is there anything in what we say?' – indicates the motivation for this dream of immanence: the desire to reinstate the belief that meaning

resides in the artwork and the need to recover from deconstructive relativism and indeterminacy. For Steiner, God is the premise upon which speech is based, and the wager on meaning and understanding – which we all undertake in experiencing art ...
