Ebeling contains detailed answers to questions in the textbook and will give you an accurate ready reference while preparing for your university exams. Details of the attached PDF solution manual:

Solutions to Reliability & Maintainability Engineering by ...

Reliability is a measure of the ability of a product or service to perform its intended function under a prescribed set of conditions, i.e. not failing. 2. If a product is composed of a large number of parts, it can conceivably have a low reliability because its reliability is a function of the products of the individual reliabilities.
