jurisdictions where useful.

International Commercial Litigation and Arbitration

International arbitration is a process of dispute resolution that works in a similar way to arbitration in the U.S. In international arbitration, disputes are settled by a specific process that includes an arbitrator. The purpose of international arbitration is "to provide businesses engaged in international transactions with a neutral forum for dispute resolution."

What Is International Arbitration

Differences Between Arbitration and Litigation Litigation is an ancient process that involves determining issues through a court, with a judge or jury. The type of court is decided by the type of dispute, based on jurisdiction. In most civil cases, jurisdiction is based on where the lawsuit originated.

LLM in International Business Regulation, Litigation and

...

The difference between arbitration and litigation can be drawn clearly on the following premises: Arbitration is a method of resolving the dispute in which a neutral third party is appointed to study the dispute, listen to the parties and then make recommendations. On the other hand, litigation is described as a legal process in which the parties resort to the court for the settlement of disputes.

Difference Between Arbitration and Litigation (with ...

- Advantages of International Arbitration 1. Arbitrators or Arbitrator more likely to have appropriate commercial or other expertise to provide a more logical result. Even with sophisticated courts, often it is a "roll of the dice" on the judge who will get your case.
