The Redemptive Self: Stories Americans Live By

Stories of redemption are some of the most powerful ways to express American identity and all that it can entail, from pain and anguish to joy and fulfillment. Psychologist Dan P. McAdams examines how these narratives, in which the hero is delivered from suffering to an enhanced status or state, represent a new psychology of American identity, and in turn, how they translate to understanding our own lives.

The Redemptive Self: Stories Americans Live By - Revised ...

The Redemptive Self: Stories American Live By brings together cutting-edge research in psychology and cognitive science with bold interpretations of literature, history, politics, and popular culture to produce a profound meditation on what it means to be an American, and what it means to live a good life in America. Through moving case studies, historical examples, and empirical research, McAdams also addresses such key issues in American life today as race, religious faith, self-help ...

In this revised and expanded edition of The Redemptive Self, McAdams shows how redemptive stories promote psychological health and civic engagement among contemporary American adults. He reveals how different kinds of redemptive stories compete for favor in American society, as presented in a dramatic case study comparing the life stories constructed by Presidents George W. Bush and Barack Obama.

The Redemptive Self: Stories Americans Live By - Revised ...

For all their psychological and cultural power, redemptive life stories sometimes reveal important limitations in American identity. For example, some versions of the redemptive self underscore the naïve expectation that suffering will always be overcome and the arrogance of seeing one's own life as the living out of a personal manifest destiny.

Redemptive Self: Stories Americans Live By - Oxford ...

The redemptive self is a particular kind of life story told, lived, and imagined by many highly productive and caring American adults, men and women who score high on quantitative measures of generativity. But even American adults who are not especially generative know this story, and like the woman in the front row, they admire it. The redemptive self provides Americans of many different persuasions
