Creative Energies Integrative Energy Psychotherapy
Synopsis. Meridian-based therapies allow health caregivers to assist persons with physical and/or emotional distress by tapping a sequence of specific acupoints. This comprehensive text describes the integration of the three aspects of the human vibrational matrix - the biofield, the energy centres and the meridian pathways with their specific acupoints - and their relevance to emotional healing and increased creativity.

According to the National Center for Complementary and Integrative Health (NCCIH), this category of complementary therapies involves the use of various types of energy fields. In general, the goal of energy therapies is to bring energy into the patient or balance the energy within a patient. There are many kinds of energy therapies, some which use treatments such as light, sound, and magnets.
