This 5-week Stoic Art of

Living journey will help you create a system of values that teach you how to act on your principles instead of your impulses. The original purpose of philosophy was to teach the art of living, but that purpose has been largely forgotten because those teaching it – classroom philosophers – revel in inaccessible, abstract, metaphysical realms.

A New Journey Awaits: The Stoic Art of Living - Fabulous Blog

As I see it, the Stoic art of living is a journey from inside, out. All the great Stoic thinkers advised us to concentrate on the things we can ultimately control, with enough practice and developed skill—our own inner states, like

our emotions and attitudes, our virtues, our strengths of mind and heart—and build our lives from there, out. They stressed that wisdom at its best is just good counsel for living well.

The Stoics believed they had something to share with anyone willing to listen about

the art of living. The essence of Stoicism then is not in its theory but in its practice. If so, it cannot be beyond the grasp of people like us, who are not professional philosophers. Anyone who is interested in the art of living should be able to practice it. But how?

Sellars argues that the conception of philosophy as an 'art of living', inaugurated by Socrates and developed by the Stoics, has persisted since antiquity and remains a living alternative to modern attempts to assimilate philosophy to the natural sciences. It also enables us to rethink the relationship between an individual's philosophy and their biography.
