Retooling For An Aging America

Unless we make changes now, we will not have enough doctors, nurses, and other caregivers prepared to meet the health needs of older Americans. Americans today live longer and are healthier than previous generations, but older citizens still require more care and have more specialized needs than younger populations.

COVID-19 Resources. Our alliance is committed to addressing our nation's eldercare workforce crisis by building a caring and competent workforce. To do this, we must address recruitment, retention, training, and compensation issues across the workforce, and provide information and support to consumers and family caregivers.

Eldercare Workforce Alliance

To help inform efforts to overhaul the ailing U.S. healthcare system, including those related to the "medical home," models of comprehensive health care that have shown the potential to improve the

quality, efficiency, or health-related outcomes of care for chronically ill older persons were identified. Using multiple indexing terms, the MEDLINE database was searched for articles published in English between January 1, 1987, and May 30, 2008, that reported statistically significant positive ...
