Modal verbs (Chapter 8) - Varieties of English

International Corpus of English (ICE-GB) collected in the early 1990s and around 400,000 words from the London-Lund Corpus (LLC) collected between the late 1960s and early 1980s. Unlike the FLOB and FROWN corpora, compiled by Christian Mair at Freiburg, DCPSE contains only spoken English, because spoken English is where changes are

likely to occur first.
