install electrical materials based on input from electrical contractors, engineers and facility managers. [PDF] Neca manual of labor wire termination - read & download Normally when we do PVC or any other kind of conduit, our estimating software has NECA (National Electrical Contractors Association) labor rates for every part and component you use.

Neca Labor Units Manual Innerduct

Typically, labor burden represents 38% of your total labor cost.

The labor rate that union contractors use in their estimates includes many of the labor burden items discussed above. As a result, the labor rate for a union electrician appears to be much higher than a nonunion electrician. But once labor burden and productivity are factored into the nonunion labor rate, practically no difference in wages exists between highly skilled and productive union and nonunion electricians.
