Ps3 Official Wireless Stereo Headset Without Equipment ...

A year or so after purchasing the first incarnation of the Sony Wireless Stereo Headset (PS3) last year from Gamestop in America as they were completely sold out in the UK (which I found really, really comfortable) i received a newsletter advertising these badboys, I was some what confused as to the difference between these and the Elite Edition, i was informed it had something to do with Mac compatability....so with pc I ordered immediately, After receipt, these were my findings.
