December 16, 2020 | Staff Writers. Clinical skills in nursing are obviously important, but critical thinking is at the core of being a good nurse. Critical thinking skills are very important in the nursing field because they are what you use to prioritize and make key decisions that can save lives. Nurses give critical care 24/7, so the critical thinking skills of nurses can really mean the difference between someone living or dying.

Are developing appropriate critical thinking, clinical ...

This change in terminology is due in part because the phrase critical thinking has become diluted with less focus, and because clinical reasoning, which implies ways of thinking about patient care issues, is a more accurate description of what nurses are called on to perform. An increased focus is placed on clinical reasoning within nursing practice features and additional discussion questions in case studies and evidence features, as well as the end-of-unit sections.
