However, modern calligraphy is a deviation of ancient scripts with no standardized alphabet. It is essentially freehand pointed pen cursive. It is a popular style on Instagram and other social media because the style is dependent on the writer and therefore every time a word is written it will be different.

Modern Calligraphy for Beginners - Basic Strokes & Free

...

Calligraphy is an ancient writing technique using flat edged pens to create artistic lettering using thick and thin lines depending on

the direction of the stroke. The height of calligraphy was reached in the middle age, where monks developed the narrow writing style called gothic, allowing more words to fit on a single line, as paper was expensive at the time.
