The Autobiography of Benjamin Franklin

The Autobiography of Benjamin Franklin is the traditional name for the unfinished record of his own life written by Benjamin Franklin from 1771 to 1790; however, Franklin himself appears to have called the work his Memoirs. Although it had a tortuous publication history after Franklin's death, this work has become one of the most famous and influential examples of autobiography ever written.

The Autobiography of Benjamin Franklin

The Autobiography and Other Writings *Penguin*

Benjamin Franklin's writings represent a long career of literary, scientific and political efforts over a lifetime which extended nearly the entire eighteenth century. This volume includes Franklin's reflections on such diverse questions as philosophy and religion, social status, electricity, American

national characteristics, war, and the status of women. Nearly sixty years separate the earliest writings from the latest, an interval during which Franklin was continually balancing between the puritan values of his upbringing and the modern American world to which his career served as prologue. This edition provides a new text of the Autobiography, established with close reference to Franklin's original manuscript. It also includes a new transcription of the 1726 journal and several pieces which have recently been identified as Franklin's own work. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

The Autobiography of Benjamin Franklin *Xist Publishing*

The Autobiography of Benjamin Franklin is one of America's most famous memoirs. In this text, Ben Franklin shares his life story and details his attempts to build a life of good habits and virtues. His plan for self-improvement was one of the first "self help" books and his role as a founder of the United States is given a personal perspective. Xist Publishing is a digital-first publisher. Xist Publishing creates books for the touchscreen generation and is dedicated to helping everyone develop a lifetime love of reading, no matter what form it takes

The Autobiography and Other Writings *Signet*

An edition with a new introduction presents readers with a wide-ranging selection of Benjamin Franklin's most important writings, illuminating the complex and appealing character of this quintessential American who rose to fame as a publisher, inventor, educator, bon vivant and statesman. Reissue.

The Autobiography of Benjamin Franklin

with Related Documents *Bedford/St. Martin's*

The third edition of The Autobiography of Benjamin Franklin, with Related Documents continues to encourage students to think about the work's lasting impact on American society and culture. Louis P. Masur's introduction is designed to make Franklin accessible and inviting to students. An expanded Related Documents section provides a sample of Franklin's voluminous writings. Two new documents reveal Franklin at his curious, inventive best, offering readers a glimpse of Franklin outside of the Autobiography. A new visual source pairing invites students to interpret Franklin's changing image over time, through the works of two different artists. A chronology, questions for consideration, a bibliographic essay, and an index enrich students' understanding of Franklin, eighteenth-century America, and the rags-to-riches ideal that has played, and continues to play, such a significant role in American history.

Autobiography of Benjamin Franklin

1706-1757 *Applewood Books*

The Autobiography of Benjamin Franklin was written by Benjamin Franklin from 1771 to 1790; however, Franklin himself appears to have called the work his Memoirs. Although it had a torturous publication history after Franklin's death, this work has become one of the most famous and influential examples of autobiography ever written.

The Autobiography of Benjamin Franklin

Penn Reading Project Edition *University of Pennsylvania Press*

Printer and publisher, author and educator, scientist and inventor, statesman and philanthropist, Benjamin Franklin was the very embodiment of the American type of self-made man. In 1771, at the age of 65, he sat down to write his autobiography, "having emerged from the poverty and obscurity in which I was born and bred to a state of affluence and some degree of reputation in the world, and having gone so far through life with a considerable share of felicity." The result is a classic of American literature. On the eve of the tercentenary of Franklin's birth, the university he founded has selected the Autobiography for the Penn Reading Project. Each year, for the past fifteen years, the University of Pennsylvania has chosen a single work that the entire incoming class, and a large segment of the faculty and staff, read and discuss together. For this occasion the University of Pennsylvania Press will publish a special edition of Franklin's Autobiography, including a new preface by University president Amy Gutmann and an introduction by distinguished scholar Peter Conn. The volume will also include four short essays by noted Penn professors as well as a chronology of Franklin's life and the text of Franklin's Proposals Relating to the Education of Youth in Pennsylvania, a document resulting in the establishment of an institution of higher education that ultimately became the University of Pennsylvania. No area of human endeavor escaped Franklin's keen attentions. His ideas and values, as Amy Gutmann notes in her remarks, have shaped the modern University of Pennsylvania profoundly, "more profoundly than have the founders of any other major university of college in the United States." Franklin believed that he had been born too soon. Readers will recognize that his spirit lives on at Penn today. Essay contributors: Richard R. Beeman, Paul Guyer, Michael Weisberg, and Michael Zuckerman.

The Compleated Autobiography by Benjamin Franklin

1757-1790 *Simon and Schuster*

A book to challenge the status quo, spark a debate, and get people talking about the issues and questions we face as a country!

The Autobiography of Benjamin Franklin

1706-1757 *Regnery Publishing*

And in between, on this extraordinary voyage through the written treasures of our culture we meet Pepys' Diaries, Charles Darwin's The Origin of Species, Stephen Hawking's A Brief History of Time and a whole host of additional works.

The Autobiography of Benjamin Franklin *CreateSpace*

"The Autobiography of Benjamin Franklin" is one of the most famous works in American literature. Ben Franklin started it as a private collection of anecdotes for his son, but soon it was transformed into a work of history. This is a charming, self-portrait of one of America's greatest forefathers. "The Autobiography of Benjamin Franklin" is a wonderful and enlightening piece of work which should be considered for placement in every high school and college library. It tells of the life and times in which Mr. Franklin lived, the attitudes of the colonists and of the British and the ways that things were accomplished in colonial America. It is truly amazing to hear first hand how a single individual

with only two years of formal education can educate himself as Benjamin Franklin did and rise to make such truly great contributions to society, science, engineering, and politics. Ben Franklin was a clever businessman who effectively, by age 30, set up his business affairs so that his printing businesses in several colonies were operated by partners and he received a share of the profits, allowing him to pursue other interests. Franklin also played a key role in establishing logistical support to the British during their fight with the French in the New World. Read "The Autobiography of Benjamin Franklin" to learn how Franklin devoted himself to self-improvement by establishing clubs, lending libraries, a sober lifestyle allowing time for study, and his methods for measuring his personal performance against metrics he had established for a proper lifestyle. Highly recommended!

The Autobiography of Benjamin Franklin

The Complete Illustrated History *Voyageur Press (MN)*

Read about the fascinating life of Benjamin Franklin in this beautifully illustrated version of his autobiography.

The Autobiography of Benjamin Franklin *New Haven : Yale University Press*

The Autobiography of Benjamin Franklin *Prabhat Prakashan*

This Autobiography of Benjamin Franklin is an unfinished biographical record in his own words ranging from 1771 to year 1790. He was blessed with variety of talents and great stamina to achieve desired results Franklin was an author, scientist, printer, inventor and a superb statesman. He was part of creating document to achieve freedom. Franklin's account of his life is divided into four parts, reflecting the different periods at which he wrote them. There are actual breaks in the narrative between the first three parts, but Part Three's narrative continues into Part Four without an authorial break.

The Autobiography of Benjamin Franklin and Other Writings *Simon and Schuster*

Explore the memoirs of one of the most inventive Americans in history. A fascinating and unconventionally educated man, Benjamin Franklin imparts—in his own words—wisdom and remarkable life lessons on the art of living with great personal integrity. Taken from John Bigelow's carefully researched 1868 publication that was transcribed directly from the original manuscript, this copy is sure to be a treasured part of any home library. Franklin's autobiography and significant papers are still in great demand globally, and describe the interesting, varied, and unusual life of one of the most amazing Founding Fathers of the United States.

The Autobiography of Benjamin Franklin Including Poor Richard's Almanac, and Familiar Letters *Cosimo, Inc.*

Printer, author, philanthropist, abolitionist, scientist, librarian, diplomat, inventor, philosopher, self-aggrandizer, and social wag, Benjamin Franklin is one of the most fascinating characters in all of American history—a quality that was not lost on the man himself, as his autobiography makes plain. Avoiding the strife of the American Revolution entirely, Franklin focuses his incisive wit on the culture and society of colonial Philadelphia, weaving a mostly true mythology of humble origins and hard work that created the concepts of "The American Dream" and "the self-made man." This edition includes letters written by Franklin as well as "Poor Richard's Almanac," a popular pamphlet that was continuously reprinted from 1732-1758. Franklin's Autobiography, originally published in French in 1791, and translated into English and published in London in 1793, is considered the great autobiography of life in colonial America. American icon BENJAMIN FRANKLIN (1706-1790), born in Massachusetts to a British immigrant father and colonial mother, published the famous "Poor Richard's Almanac," helped found the University of Pennsylvania, and was the first Postmaster General of the United States. Franklin's likeness adorns, among other things, the United States hundred-dollar bill.

The Autobiography of Benjamin Franklin

With Notes and a Sketch of Franklin's Life from the Point where the Autobiography Ends

Autobiography of Benjamin Franklin *Createspace Independent Publishing Platform*

Benjamin Franklin is the traditional name for the unfinished record of his own life written by Benjamin Franklin from 1771 to 1790; however, Franklin himself appears to have called the work his Memoirs. Benjamin Franklin had a tortuous publication history after Franklin's death, this work has become one of the most famous and influential examples of an autobiography ever written. In 1791, the first edition appeared, in French rather than English, as *Mémoires de la vie privée de Benjamin Franklin*, published in Paris. This translation of Part One only was based on a flawed transcript made of Franklin's manuscript before he had revised it. This French translation was then retranslated into English in two London publications of 1793, and one of the London editions served as a basis for a retranslation into French in 1798 in an edition which also included a fragment of Part Two. The first three parts of the Autobiography were first published together (in English) by Franklin's grandson, William Temple Franklin, in London in 1818, in Volume 1 of *Memoirs of the Life and Writings of Benjamin Franklin*. W.T. Franklin did not include Part Four because he had previously traded away the original holograph of the Autobiography for a copy that contained only the first three parts. Furthermore, he felt free to make unauthoritative stylistic revisions to his grandfather's autobiography, and on occasion followed the translated and retranslated versions mentioned above rather than Ben Franklin's original text. Benjamin Franklin text was the standard version of the Autobiography for half a century, until John Bigelow purchased the original manuscript in France and in 1868 published the most reliable text that had yet appeared, including the first English publication of Part Four. In the 20th century, important editions by Max Ferrand and the staff of the Huntington Library in San Marino, California (*Benjamin Franklin's Memoirs: Parallel Text Edition*, 1949) and by Leonard W. Labaree (1964, as part of the Yale University Press edition of *The Papers of Benjamin*

Franklin) improved on Bigelow's accuracy. In 1981, J. A. Leo Lemay and P.M. Zall produced The Autobiography of Benjamin Franklin: A Genetic Text, attempting to show all revisions and cancellations in the holograph manuscript. This, the most accurate edition of all so far published, served as a basis for Benjamin Franklin's Autobiography: A Norton Critical Edition and for the text of this autobiography printed in the Library of America's edition of Franklin's Writings. The Autobiography of Benjamin Franklin also became the first full-length recorded book in history.The initial recorded release of Autobiography was voiced by actor Michael Rye and released in 1969. Blessed with enormous talents and the energy and ambition to go with them, Franklin was a statesman, author, inventor, printer, and scientist. He helped draft the Declaration of Independence and later was involved in negotiating the peace treaty with Britain that ended the Revolutionary War. He also invented bifocals, a stove that is still manufactured, a water-harmonica, and the lightning rod. Franklin's extraordinary range of interests and accomplishments are brilliantly recorded in his Autobiography, considered one of the classics of the genre. Benjamin Franklin by the author Benjamin Franklin is a great book highly recommended to read.. The Art of Virtue *Lulu Press, Inc*

Advice on living a virtuous life, from one of America's Founding Fathers.Benjamin Franklin once wrote that he had "conceived the bold and arduous project of arriving at moral perfection... and] wished to live without committing any fault at any time...to conquer all that either natural inclination, custom, or company might lead me into." Although he was never able to finish this project completely, Benjamin Franklin was able to lay down the beginnings of this work in his later writings. Collected here for the first time are essays by Benjamin Franklin on living a virtuous life. Starting with Franklin's essay "Art of Virtue," read on to find out his thoughts on justice, moderation, chastity, and more.An easy-to-read guide to living your life with as much virtue as possible, the way Benjamin Franklin envisioned it could be.

Memoirs of Benjamin Franklin

The Autobiography of Benjamin Franklin

Benjamin Franklin FRS, FRSE (January 17, 1706 [O.S. January 6, 1705] - April 17, 1790) was one of the Founding Fathers of the United States. Franklin was a renowned polymath and a leading author, printer, political theorist, politician, freemason, postmaster, scientist, inventor, civic activist, statesman, and diplomat. As a scientist, he was a major figure in the American Enlightenment and the history of physics for his discoveries and theories regarding electricity. As an inventor, he is known for the lightning rod, bifocals, and the Franklin stove, among other inventions. He facilitated many civic organizations, including Philadelphia's fire department and the University of Pennsylvania, an Ivy League institution.

An Authoritative Text, Contexts, Criticism *W. W. Norton*

The only edition of the celebrated Autobiography that includes the long-missing and recently identified "Wagon Letters." Written during the most eventful years of Benjamin Franklin's life (1771-90), the Autobiography is one of the most influential memoirs in history. This newly edited Norton Critical Edition includes an introduction that explains the history of the Autobiography within the larger history of the life-writing genre as well as within the history of celebrity. The text is accompanied by new and expanded explanatory annotations and by a map, an illustration, and six facsimiles. "Contexts" presents a broader view of Franklin's life with a journal entry from a 1726 voyage, correspondence, a Poor Richard piece on ambition and fame, Franklin's views on self-improvement, and his last will (and codicil). "Criticism" draws on a wealth of material that reflects both the wide range of Franklin's achievements and the global impact of his life and memoirs. New international voices in "Contemporary Opinions" include Immanuel Kant, Honoré Gabriel Riqueti, Comte de Mirabeau, José Antonio de Alzate y Ramírez, and José Francisco Correia da Serra. "Nineteenth-Century Opinions" includes Humphry Davy on Franklin's discovery of electricity as well as Empress Sh?ken of Japan's Franklin-inspired poem. Finally, "Modern Opinions" reprints important pieces: I. B. Cohen on Franklin and the Autobiography's importance to science; Michael Warner's

theoretical interpretation of the practices of writing and printing and what they tell us about Franklin; and Peter Stallybrass's insightful and engaging history-of-the-book perspective on Franklin's writing generally and the Autobiography specifically. A Chronology of Franklin's life, a Selected Bibliography, and an Index are also included.

The Autobiography of Benjamin Franklin

Young Benjamin Franklin

The Birth of Ingenuity *Vintage*

In this new account of Franklin's early life, Pulitzer finalist Nick Bunker portrays him as a complex, driven young man who elbows his way to success. From his early career as a printer and journalist to his scientific work and his role as a founder of a new republic, Benjamin Franklin has always seemed the inevitable embodiment of American ingenuity. But in his youth he had to make his way through a harsh colonial world, where he fought many battles with his rivals, but also with his wayward emotions. Taking Franklin to the age of forty-one, when he made his first electrical discoveries, Bunker goes behind the legend to reveal the sources of his passion for knowledge. Always trying to balance virtue against ambition, Franklin emerges as a brilliant but flawed human being, made from the conflicts of an age of slavery as well as reason. With archival material from both sides of the Atlantic, we see Franklin in Boston, London, and Philadelphia as he develops his formula for greatness. A tale of science, politics, war, and religion, this is also a story about Franklin's forebears: the talented family of English craftsmen who produced America's favorite genius.

A Study Guide for The Autobiography of Benjamin Franklin *Gale, Cengage Learning*

A Study Guide for "The Autobiography of Benjamin Franklin," excerpted from Gale's acclaimed Literary Themes for Students: The American Dream. This concise study guide includes plot summary; character analysis; author biography; study questions; historical context; suggestions for further reading; and much more. For any literature project, trust Literary Themes for Students: The American Dream for all of your research needs.

Benjamin Franklin's Book of Virtues

From 1771 to his death in 1790, Benjamin Franklin was in the process of writing what he referred to as his Memoirs. Portions of the unfinished work were published posthumously as Memoirs of the Private Life of Benjamin Franklin, first in French in 1791, and then in English in 1793. Today the complete unfinished manuscript is known as The Autobiography of Benjamin Franklin, and is considered one of the most famous and influential examples of autobiography ever written. In the heart of the work, Franklin wrote of his "bold and arduous Project of arriving at Perfection" when he was a young man. He prepared a list of thirteen virtues he wished to perfect in himself, and created a chart in which to keep track of his shortcomings. Among Franklin's list of virtues were personal traits (frugality, moderation, tranquility) and social traits (sincerity, justice, humility). Franklin strayed from the virtuous path on many occasions, and discovered perfection was an impossible

thing to achieve, but felt a better man for the effort. Applewood Books now offers Benjamin Franklin's Book of Virtues as Franklin intended it - a beautiful little hardcover, complete with the list of thirteen virtues and a chart to monitor one's own progress.

The Autobiography of Ben Franklin

An epic tale of horror and fantasy that illustrates the scope and wonder of humankind's ability to dream.

The First American

The Life and Times of Benjamin Franklin *Anchor*

Pulitzer Prize Finalist Benjamin Franklin, perhaps the pivotal figure in colonial and revolutionary America, comes vividly to life in this masterly biography. Wit, diplomat, scientist, philosopher, businessman, inventor, and bon vivant, Benjamin Franklin was in every respect America's first Renaissance man. From penniless runaway to highly successful printer, from ardently loyal subject of Britain to architect of an alliance with France that ensured America's independence, Franklin went from obscurity to become one of the world's most admired figures, whose circle included the likes of Voltaire, Hume, Burke, and Kant. Drawing on previously unpublished letters and a host of other sources, acclaimed historian H. W. Brands has written a thoroughly engaging biography of the eighteenth-century genius. A much needed reminder of Franklin's greatness and humanity, *The First American* is a work of meticulous scholarship that provides a magnificent tour of a legendary historical figure, a vital era in American life, and the countless arenas in which the protean Franklin left his legacy.

The Way to Wealth

Founding Fathers Four Pack

The Autobiography of Benjamin Franklin, Autobiography of Thomas Jefferson, Alexander Hamilton, Essay on John Jay *Createspace Independent Publishing Platform*

Founding Fathers Four Pack includes the American classic The Autobiography of Benjamin Franklin, the lesser-known, concise Autobiography of Thomas Jefferson, the biography Alexander Hamilton by Charles A. Conant and an insightful essay on John Jay by Elbert Hubbard.

The Autobiography of Benjamin Franklin

(Starbooks Classics Editions) *CreateSpace*

"There will be sleeping enough in the grave." --- Benjamin Franklin, *The Autobiography of Benjamin Franklin* The Autobiography of Benjamin Franklin is the traditional name for the unfinished record of his own life written by Benjamin Franklin from 1771 to 1790; however, Franklin himself appears to have called the work his Memoirs. Although it had a tortuous publication history after Franklin's

death, this work has become one of the most famous and influential examples of an autobiography ever written. Franklin's account of his life is divided into four parts, reflecting the different periods at which he wrote them. There are actual breaks in the narrative between the first three parts, but Part Three's narrative continues into Part Four without an authorial break (only an editorial one). Reactions to the work Franklin's Autobiography has received widespread praise, both for its historical value as a record of an important early American and for its literary style. It is often considered the first American book to be taken seriously by Europeans as literature. William Dean Howells in 1905 asserted that "Franklin's is one of the greatest autobiographies in literature, and towers over other autobiographies as Franklin towered over other men." However, Mark Twain's essay "The Late Benjamin Franklin" (1870) provides a less exalted reaction, albeit somewhat

tongue-in-cheek (for example, claiming that his example had "brought affliction to millions of boys since, whose fathers had read Franklin's pernicious biography"). D. H. Lawrence wrote a notable invective against "Middle-sized, sturdy, snuff-coloured Doctor Franklin" in 1923, finding considerable fault with Franklin's attempt at crafting precepts of virtue and at perfecting himself. Nevertheless, responses to The Autobiography have generally been more positive than Twain's or Lawrence's, with most readers recognizing it as a classic of literature and relating to the narrative voice of the author. In this work, Franklin's persona comes alive and presents a man whose greatness does not keep him from being down-to-earth and approachable, who faces up to mistakes and blunders ("Errata") he has committed in life, and who presents personal success as something within the reach of anyone willing to work hard enough for it.
